To Whom it May Concern,

I am sending this letter to have my husband's name removed from our water rights as he passed away February 19, 2016. I have included a copy of the death certificate and a listing of our water rights.

The water rights are currently under the names of Conrad E. Thomas, Jr. and Jeremy A. Thomas.

I would like to remove Conrad Thomas, Jr. and have them remain in my name only, Jeremy A. Thomas.

Thank You,

Jeremy Thomas

*Hi Jeremy,**I don't think I ever got back to you about this. Looks like from Nick's e-mail if you write a letter asking to remove Conrad from water right & copy of death certificate should take care of it.*

Chris,

*You probably should ^{also} attach copy of Nick's e-mail along with the water right search I'm sending you. If you have any questions please call me.
Thank You,
Chris 587-2789*

Here is some language in our processing memo that addresses this issue:

"... Adding or removing a name should be considered an ownership change subject to the filing fee and should not be processed without the appropriate evidence. One exception is the death of a spouse or other individual listed as an owner of the water right. The Department will accept a signed letter from the living spouse and a death certificate as sufficient evidence to remove the name of a deceased individual from a water right. Removal of the name of a deceased person should not require payment of the filing fee..."

So, they can either complete an ownership change form or just send in a signed letter, but I guess we do need a copy of the death certificate.

Nick.

Hi Nick,

A lady called asking which form she should use to delete her husband that has passed away. I'm assuming it is Notice of Change in Ownership form. Does she have to provide plat map & legal description if she just wants to change name? Also will a copy of death certificate work for conveyance document and will it cost her \$25 per water right?

Thank You,

Chris
