EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held.
- ii. The final agency action was taken.
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Transfer No. 81351 File

FROM: Justin Shearer

DATE: May 10, 2017

RE: Evaluation of Sufficiency of Information Submitted

Transfer 81351 proposes to add 6 new POD's to 26 water rights for the City of Meridian's well and distribution system that provides municipal water for the City. The POD's being added are wells that have been or will be drilled for Permit Nos. 63-31858 and 63-32083 Priority dates on the rights range from 1910 to 2009. 6 new wells are proposed under this transfer. No other changes proposed. The sites of the 6 added POD's vary throughout the City of Meridian. All rights involved have been licensed or decreed.

Summary of Information Submitted

Authority to File:

Kyle Radek, Assistant City Engineer, signed the application. Charles Honsinger of Honsinger Law, PLLC has been acting as a representative for the applicant. Applicant is the water right owner of record for all rights proposed for transfer.

Water Right Validity:

All 26 water rights involved in the transfer have been decreed or licensed. Department records indicate that all 26 rights being transferred are valid and there is no indication to suggest that any of the rights have non-use within the previous, consecutive, five year period. All 26 rights are licensed or decreed as Non-RAFN municipal rights within a municipal service area of an active municipality considered valid with no evidence to the contrary. Therefore, no evidence of forfeiture found.

Overlap Analysis:

POU Overlap: This transfer includes 26 municipal water rights that have all been licensed or decreed. This transfer is not proposing any changes to the approved existing places of use for these rights. Thus, POU overlap is not a concern by this transfer being approved.

POD Overlap: The six new POD's being transferred are newly or soon to be drilled wells and show no evidence of overlap with existing water right POD's. However there is overlap with WR permit nos. 63-31858 and 63-32083 POD's; both have conditions limiting the water bearing zone for specific wells. Because the POD's are outside the Bs 63 Restricted Area, the water bearing zone limiting conditions will be dropped at licensing as per current department policy.

Injury to Other Water Rights:

None anticipated. All 26 water rights be conditioned confirming that the initial point of diversion location for each water right will be maintained for future administration of the rights should future pumping cause well interference/injury issues. Because this transfer is only proposing adding additional POD's to the City of Meridian's well distribution system with no additional quantity in water being
