Dear Applicant(s):

The Department of Water Resources has received your water right transfer application. Please refer to the transfer number referenced above in all future correspondence regarding this transfer.

A legal notice of the application has been prepared and is scheduled for publication in the **POWER COUNTY PRESS** on **6/7/2017** and **6/14/2017**. Protests to this application may be submitted for a period ending ten (10) days after the second publication. Any protest against this application must be filed with the Department of Water Resources, together with a protest fee of \$25.00 for each application, on or before **June 26, 2017**.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the approval document.

Please contact this office if you have any questions regarding the application.

Sincerely,

**NOTICE OF PROPOSED CHANGE OF WATER RIGHT
TRANSFER NO. 81586**

CALL FARMS PARTNERSHIP, C/O EVAN CALL, 4371 COLDWATER RD, AMERICAN FALLS, ID 83211; has filed Application No. 81586 for changes to the following water rights within POWER County(s): Right No(s). 41-10075, 41-7008; to see a full description of these rights and the proposed transfer, please see www.idwr.idaho.gov/apps/wr/QueryNewTransfers/QueryNewTransfers.aspx. The purpose of the transfer is to change a portion of the above rights as follows: Applicant proposes changing the point of diversion for 1.3 cfs of groundwater for irrigation from a well located approximately 12.4 miles south and 15.4 miles west of the city center of American Falls to an existing well located approximately 12.4 miles south and 13.8 miles west of the city center of American Falls.

For additional information concerning the property location, contact Southern Region office at (208) 736-3033. Protests may be submitted based on the criteria of Idaho Code Sec. 42-222. Any protest against the proposed change must be filed with the Department of Water Resources, Southern Region, 650 Addison Ave W Ste 500, Twin Falls ID 83301 together with a protest fee of \$25.00 for each application on or before June 26, 2017. MEMORANDUM

Date: May 22, 2017

To: Transfer 81586 file

From: C Barnes

Re: Sufficiency Memo

Applicant proposes changing the point of diversion for 1.3 cfs of groundwater for irrigation from a well located approximately 12.4 miles south and 15.4 miles west of the city center of American Falls to an existing well located approximately 12.4 miles south and 13.8 miles west of the city center of American Falls. Email communications between the department and the applicant helped to clarify that the new point of diversion would, indeed, be an existing well and not a new well to be drilled. Mainline at pump will be equipped with a Siemens mag meter. Well will pump to a common mainline to the place of use. The same individuals that are registered agents for Call Farms Partnership are also agents for Cedar Hollow Land Company, LLC, which owns the property at the point of diversion. The current shapes for the place of use do not perfectly represent the irrigated acres. The applicant indicated that it is a possibility that a portion of the right may have undergone a period of five or more consecutive years of non-use, although, after reviewing aerial photography of the area I was unable to find any recent periods of non-use. The irrigation of the acres with Snake River water, which the applicant has a right(s) to, may be attributed to this.

- **Authority to File:** The IDSOS indicates that M. Evan Call is an authorized agent and signatory for Call Farms Partnership.
- **Water Right Validity:** Department files indicate that both water rights involved in the transfer are active and valid.
- **Injury to Other Water Rights:** No injury to other water users is anticipated.
- **Enlargement of Use:** The transfer of the rights involved will not enlarge the use of the rights.
- **Local Public Interest:** The transfer of water rights 41-7008 and 41-10075 will be subject to public comment and protest.
- **Beneficial Use/Conservation of Water Resources:** After transferred, the water rights will resume use for the purpose of irrigating crops. This is a beneficial use according to the department.
- **Effect on the Economy of the Local Area:** No negative effect on the local economy is anticipated as a result of the completion of this transfer.
- **Effect on Agricultural Base of the Local Economy:** No negative effect on the agriculture base of the local economy is anticipated as a result of the completion of this transfer.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing

Re: Filing fee

Applicant paid the amount of \$580.00 upon filing for the transfer of 1.3 cfs of groundwater (receipt no. S036034). According to the Transfer Fee Schedule, transfers involving flows of 1.01 cfs – 2.00 cfs require the fee of \$580.00

Mr. Barnes,
Thank you for your inquiry. The new point of diversion already has an existing well.

Thank you for your help in this matter.

Dear Mr. Call,

I am processing your application to change the point of diversion for WR numbers 41-7008 & 41-10075 and I am seeking some clarification.

Is the new POD an existing well or will a new well need to be drilled at the location specified for the new POD? Your description of the diversion system did not specify if an existing well was to be used.

Thank you,
