STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho

Ident. No. 95-17276

1. Name of applicant(s) (SEE ATTACHMENT) _____ Phone (SEE ATTACHMENT) _____
 Mailing address (SEE ATTACHMENT) _____ Email (SEE ATTACHMENT) _____
 Name connector (check one): ☒ and ☐ or ☐ and/or
2. Name of representative, if any _____ Phone _____
 Mailing address _____ Email _____
- a. ☐ Send all correspondence for this application to the representative and not to the applicant OR
☐ Send original correspondence to the applicant and copies to the representative.
- b. ☐ The representative may submit information for the applicant but is not authorized to sign for the applicant OR
☐ The representative is authorized to sign for the applicant. Attach a Power of Attorney or other documentation providing authority to sign for the applicant.
3. Source of water supply LAKE COEUR D ALENE which is a tributary of SPOKANE RIVER
4. Location of point(s) of diversion:

Twp	Rge	Sec	Govt Lot	¼	¼	¼	County	Source	Local name or tag #
50N	03W	29	3		NE	SW	KOOTENAI	LAKE COEUR D ALENE	

5. Water will be used for the following purposes:
- Amount .20 for DOMESTIC purposes from 01-01 to 12-31 (both dates inclusive)
 (cfs or acre-feet per year)
- Amount .09 for IRRIGATION purposes from 03-15 to 11-15 (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
6. Total quantity to be appropriated is (a) .20 cubic feet per second (cfs) and/or (b) 19.8 acre-feet per year (af). MSO 11/2/16
7. Proposed diverting works:
- a. Describe type and size of devices used to divert water from the source. 7.5 Horsepower Magnatek Pump (2025 gpm) to cistern and water lines
- b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 11. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No
- c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
- d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
- e. If well is already drilled, when? _____; drilling firm _____; well was drilled for (well owner) _____; Drilling Permit No. _____

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
 Fee \$ 100.00 Received by NS Receipt No. N037254 Date 10-21-16

8. Description of proposed uses (if irrigation only, go to item 9):

- Hydropower; show total feet of head and proposed capacity in kW. _____
- Stockwatering; list number and kind of livestock. _____
- Municipal; must complete and attach the Municipal Water Right Application Checklist.
- Domestic; show number of households 9
- Other; describe fully. _____

9. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
50N	03W	29					D												
							GL3												
50N	03W	29					3.0												3.0
							GL3												

Total number of acres to be irrigated: 3.0

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? _____

95-15125

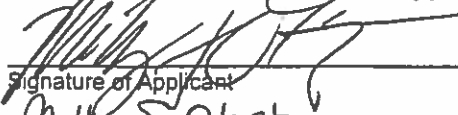

- Who owns the property at the point of diversion? Ford Dutton (see attachment)
- Who owns the land to be irrigated or place of use? see attachment - Dutton agreement
- If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: see attachment - Dutton agreement

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. Existing water system consisting of 20-25 gpm piston pump on Lake Coeur d'Alene (encroachment permit 1-16-11) with water line CDA Lakeshore Drive to 3000 gallon cistern and 3/4 inch water lines to 9 homes (9 homes on 10-3-16 Dutton agreement)

13. Time required for completion of works and application of water to proposed beneficial use is 5 years (minimum 1 year).

14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

DeputyFee \$ 1.00Carol Deltz
Ex-Officio Auditor-Recorder
Kootenai County, Idaho

Return to RESTRICTIVE COVENANT

Plat 3 Bx 407 Cda

BOOK 88 PAGE 772

Applies to all lots in KILDOW SUBDIVISION, Kootenai County, State of Idaho, according to the plat recorded in Book B of Plats, page 125.

The Seller and Buyer agree with the right of the Buyer to connect with the existing water stand-pipe at the corner of each lot at the buyer's expense, provided that the continued connection of said water line and the consequent use of water from said line is permitted only so long as Buyer, their heirs, successors or assigns pay their proportionate share of the cost of operation, maintenance and repair of the then existing water system, and the care and maintenance of the dedicated street, Evergreen Lane. By "proportionate share" is meant the proportion which the one lot owner bears to the number of lots occupied in Kildow Subdivision by dwellings and connected for water. Such proportionate costs shall be payable during the current calendar month in which they are assessed.

Subject to the following restrictions which shall run with the land:

1. No more than one residence or dwelling house (residence garage excepted) shall be erected or maintained on said lot.
2. No residence shall be erected or placed upon said lot unless it shall contain at least 900 square feet of floor space.
3. No house shall be erected upon said lot which shall not have a sewage system, including a minimum of a cess pool or septic tank and a minimum that meets the standards of any governing governmental agency.
4. No temporary construction, mobile homes, or trailer houses may be used on said lot but, rather, it shall be restricted to houses of permanent type construction.

RE: PERMIT 1-16-111
US-10, MP 17.112 (CDA Lake Dr.)

Dear Mr. Dunton:

Enclosed is a right-of-way encroachment permit for the above referenced location. All contents including this letter and any special provisions that accompany the permit become part of the approved permit.

A copy of this permit must be with the person at which time work is being done inside the right-of-way. Contact ITD maintenance foreman, Marc Johnson, both prior to your work and at the conclusion for inspection. Marc can be reached at (208) 772-1250. Failure to contact the maintenance foreman will result in voidance of the permit. Please review the Code of Federal Regulations safety clothing requirements for working in the right of way and also General Provisions on the second page of the ITD 2109.

Special provisions are as follows:

- Existing pump house and water inlet line located under US-10 (CDA Lake Dr) are permitted within ITD Right of Way based on historic and continuous use of the water distribution system for the Kildow Subdivision property owners
- Any replacement of the existing water pump and inlet supply lines shall meet current standards and will require a new utility permit to be filed with ITD.

Buried utility facilities owned by the State could be located within the project limits and may or may not be shown on the project plans. State owned utility facilities include but are not limited to traffic signals, illumination, traffic recording sites, weather monitoring sites, video detection systems, and electronic message signs. The contractor is to request locates of buried utility facilities owned by the State by contacting the District Traffic Signal Foreman at (208) 772-1299.

If the permitted work does not begin within one (1) year of issuance of permit, the permit shall be considered void. At the discretion of the District Engineer, a one-time extension, not to exceed six (6) months, may be granted if a written request is received from the permittee prior to the expiration date.

If you have any questions pertaining to the permit, please contact me at (208) 772-1216 or robert.beachler@itd.idaho.gov

Sincerely,

Robert Beachler

Good afternoon Holly,

We got some more ready for publication. Please publish the enclosed legal notice in the Coeur d'Alene Press on the dates indicated, June 1 and 8, 2017, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact me immediately.

Please also send a proof/preview copy for my review before this goes to press. An affidavit of publication must be submitted to the Department along with the publication bill. If you have any questions, please contact me as early as possible.

Sincerely,

Natalie Steding
Technical Records Specialist 1

The following application(s) have been filed to appropriate the public waters of the State of Idaho:

NOTICE OF PROPOSED CHANGE OF WATER RIGHT
TRANSFER NO. 81573

ROSS POINT WATER DISTRICT, PO BOX 70, POST FALLS, ID 83877-0070; has filed Application No. 81573 for changes to the following water rights within KOOTENAI County(s): Right No(s). 95-15533, 95-4088, 95-7258, 95-7698, 95-8477, 95-9009; to see a full description of these rights and the proposed transfer, please see www.idwr.idaho.gov/apps/wr/QueryNewTransfers/QueryNewTransfers.aspx. The purpose of the transfer is to change a portion of the above rights as follows:

The purpose of this transfer is to update all of Ross Point Water District's water rights to reflect their current municipal system with five existing wells and one additional new well. This transfer will also change the nature of use for 95-7698 and 95-15533 from irrigation to municipal.

For additional information concerning the property location, contact Northern Region office at (208) 762-2800. Protests may be submitted based on the criteria of Idaho Code Sec. 42-222.

Any protest against the proposed change must be filed with the Department of Water Resources, Northern Region, 7600 Mineral Drive, Suite 100, Coeur D' Alene ID 83815 together with a protest fee of \$25.00 for each application on or before 6/19/2017. The protestant must also send a copy of the protest to the applicant.

Application for Permit no. 95-17276

Steading, Natalie

Sent: Thursday, May 25, 2017 11:28 AM

To: June.bergquist@deq.idaho.gov; kiira.siltari@idfg.idaho.gov

Attachments: 95-17276.pdf (932 KB)

Dear June and Kiira,

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced water right application. A copy of the application is enclosed for your reference.

This is scheduled for publication on June 1 and 8, 2017 in the Coeur d'Alene Press with a final date for protest to be received in our office by June 19, 2017.

Your prompt response to this request is appreciated. If your agency desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact Shaun Maxey at this office if you have any questions regarding the application.

Sincerely,

Natalie Steading

Application For Permit No. 95-17276

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

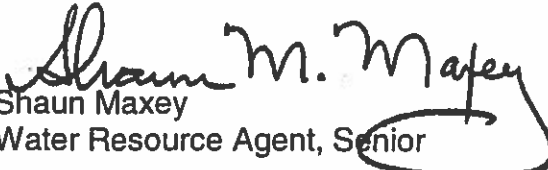

A legal notice of the application has been prepared and is scheduled for publication in the COEUR D ALENE PRESS on 6/1/2017 and 6/8/2017. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Shaun Maxey
Water Resource Agent, Senior

RE: Surface Application for Permit dated 10/21/2016, completed 1/23/2017

Dear Idaho Department of Water Resources,

Please consider this as notice my request to withdrawal from the Surface Water Application for Permit dated 10/21/2016, completed 1/23/2017. My home located at 2598 S Evergreen Lane, Coeur d'Alene ID 83814 is already permitted for surface water rights under Permit#95-11447.

Sincerely,

 3/18/17

MEMORANDUM

To: File 95-17276
From: Morgan Case *mlc*
Date: March 9, 2017
Re: Meeting with Molly Obetz and Michael Martin

Shaun Maxey and I met with Molly Obetz and Michael Martin on March 9, 2017 to discuss Application for Permit No. 95-17276. The application proposes diversion of 0.20 cfs from Coeur d'Alene Lake for domestic purposes to serve 9 homes.

Several of the properties already have a water right, permit, or preliminary adjudication recommendation. We informed Ms. Obetz and Mr. Martin that IDWR does not issue redundant water rights. As such, the following Kildow properties would not be included on a permit approved for this application:

Kildow Subdivision Lots 5 & 6, Block 2 – covered by Water Right No. 95-11447
Kildow Subdivision Lot 3, Block 2 (Hettman) – covered by Water Right No. 95-11405
Kildow Subdivision Lots 8 & 9, Block 1 (Martin) – covered by Water Right Permit No. 95-17124
Kildow Subdivision Lot 10, Block 1 (Obetz) – covered by Water Right No. 95-11478

Ms. Obetz and Mr. Martin plan to submit letters to withdraw their portion of the application. They will also relay the information about IDWR not issuing redundant water rights to Goodban and Hettman. They requested that we hold the application for several weeks, so the application can be advertised after their names and properties are removed.

Lots 1,1 EX, 2, 5 and 7, Block 1; and Lot 4, Block 2 have preliminary adjudication recommendations from the same source and for the same purpose as the application. The rights have not been confirmed in the adjudication, so they could be included in any permit resulting from this application with Condition No. 928.

Maxey, Shaun

Subject: Re: Questions on Martin & correct Place of Use Parcels for Water Right Permit

Shaun,

I am in with clients all day today. I can give you a call tomorrow. Mike Martin asked to be added to the "community" application even though he had his own. His application would use the same point of diversion.

Let me know if you still need to talk to me, or Mike Martin's phone number is 208-699-3359 if you would like to speak with him directly.

Thank you,
Molly

Subject: Questions on Martin & correct Place of Use Parcels for Water Right Permit

Molly:

Please give me a call after you have reviewed the attached IDWR Permit for Martin. I need to ask a few brief questions to make sure that your Application has the correct number of homes listed in the legal notices and that the correct parcels are mapped with a Domestic and Irrigation Place of Use.

The Martin Permit was issued in January 2016. I believe it is to use the same point of Diversion as your Application.

My understanding is that the correct number of homes on your Application for each owner (except Martin) is as follows:

Kildow	2
Walley	1
Hettmann	1
Watts	1
Goodban	1
Dunton	1
Obetz	21
