Re: Correct Legal Descriptions for Kimmet Water Right Permit Application (Lake Coeur d' Alene)

Dear Mr. and Mrs. Kimmet:

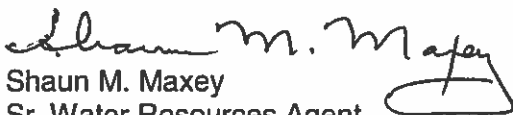

Please telephone me at (208) 762.2816 for assistance after you have reviewed the enclosed Application For Permit that shows required corrections to the legal descriptions for your Point of Diversion (POD) and Place of Use (POU). You must initial and date the required pen and ink changes to the Application before Idaho Department of Water Resources (IDWR) can schedule legal notices for publication.

The changes are required because of an error in interpreting the correct boundaries for Government Lots that are superimposed on modern air photomaps. No additional fee is required.

The corrected Application with attachments must be returned to me at the IDWR Northern Region office after you have initialed and dated the changes. Please re-sign and date your signatures at the bottom of Page 2 of the Application.

I can be reached at the IDWR Northern Region office at (208) 762.2816 if you have additional questions.

Respectfully,

Shaun M. Maxey

Sr. Water Resources Agent
Idaho Department of Water Resources, Northern Region
