AND IT IS AGREED That each party will pay one-half of all attorney's fees incurred as a result of this action, with the total of said fees being \$500.00.

This shall be a full and complete settlement of all property rights, community or otherwise, between plaintiff and defendant, and it is further expressly agreed that each party of this action waives any and all further demands against the other of any kind and nature, excepting those expressly set out herein. In the event the Court approves the provisions of this Stipulation, each party shall execute such deeds, documents or other instruments of title as may be necessary to carry out the purposes and intent of this Stipulation agreement.

This agreement contains the entire understanding of the

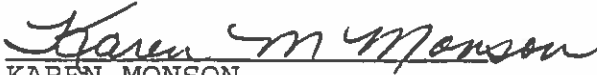

parties and there are no representations, warranties, covenants or undertakings other than those expressly set out herein. A modification or waiver of any of the provisions of this agreement shall be effective only if made in writing and executed with the same formality as this agreement. All of the rights, privileges and benefits of this Stipulation and agreement shall be binding upon the respective parties, their heirs, personal representatives, assigns and successors in interest hereto. In the event it becomes necessary for either party to file legal action to enforce the terms and conditions of this agreement, the defaulting party shall be required to pay all attorney's fees and costs incurred by the non-defaulting party therein.

Each party hereto acknowledges and agrees that they have been advised by their respective attorneys to seek and obtain independent tax counsel regarding any tax consequences which may result to either party as a result of the agreements contained herein. The parties hereto further acknowledge and agree that they have not received any such tax advice from their respective attorneys and do hereby forever hold said attorneys harmless from any tax consequences arising, whether past, present, or future, from the divorce proceedings herein and this property settlement agreement or the consequences thereof.

Defendant acknowledges that this Stipulation was prepared by attorney for plaintiff and that he is not

represented by Ronald L. Swafford. Defendant further acknowledges that he has had the opportunity to consult with independent legal counsel and has either done so or has chosen not to do so of his own free choice.

RE: Change of Ownership for Water Right No(s). 34-2376

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
