Judea,

Samaria Water and Irrigation Company is having an annual stockholders meeting March 7th. At that time board of directors are voted upon to serve for the company. It is possible that the new board of directors may not be able to attend all the dates I've left open. It may require re-scheduling after the new board of directors have had the opportunity to review their calendar in order to attend this prehearing.

May I suggest that the earliest a meeting be held, that it be after the 16th of March.
A better option would be to send this out to the next board of directors serving for Samaria Water and Irrigation Company.

If a pre-hearing date is scheduled before the 7th of March I will forward it to the board of directors.

Thank you,

David Reel
President, Samaria Water & Irrigation Company
