Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received your application on February 27, 2017. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

- **Section 14-** The Map was not provided correctly. **The map must clearly identify the proposed point of diversion and place of use.** Please amend your map by outlining where you are planning on irrigating and marking the point where the well will be drilled. You must include an 8½" x 11" map that clearly identifies the proposed point of diversion, place of use, section #, township, and range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred or you may use the mapping tool found on our website at <http://maps.idwr.idaho.gov/map/>. To use the tool click on the "Change layers" button at the top of the screen, select the background drop down menu and add the 2011 NAIP background. Then click on the "Locate" button to find the location of the proposed project.

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. This letter is an attempt to ensure that your application is complete in order to establish a priority date. You may receive future correspondence regarding more specific details of your application. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at (208)334-2190 and ask for the "office day person" if you have any questions about the necessary information.

Sincerely,

Western Region Water Rights Staff
