Subject: Water Right Permit #96-9500 for Domestic use of 1 home

May 4, 2017

Dear Permit Holder:

The Department made an attempt to mail you a notice regarding the upcoming proof due date of June 1, 2017 on your water right permit. The notice was mailed to you on March 31, 2017, by certified mail. It looks like the US Postal Service made 3 attempts to let you know you had certified mail waiting for you. I am unable to locate a different address for you other than the address on record with the Department which is PO Box 1273 Sandpoint ID 83864. Please respond to my email as to whether you have a new mailing address for correspondence, or If the Department has your address correct, and I will resend the proof due notice which happens to be somewhat time sensitive.

Sincerely,

Darla Block
