Thank you Michele. I will work on getting to the bottom of this.

Best,
Miriah

Subject: compliance with permit 32-13348

It was a pleasure to speak with you. If the data is being collected in compliance with condition 11 on the permit, then it either has not yet been submitted or was maybe submitted to the wrong regional office. We have permit 32-13348 here in the state office in Boise and that's where the data report should also go.

Thank you for agreeing to do the follow-up for me.
