RE: Availability for hearing

The Northern Region of IDWR received no response to the request for calendars showing unavailability for a hearing by the April 7, 2017 deadline. Mr. Treiber called the office on April 10, to inform us that he was unable to respond due to a medical issue. In a subsequent phone call, he said that he should be back in Idaho in mid-September and would be available for the hearing at that time.

I left phone messages with both Pamela Gray and Eileen Klatt, requesting that they contact IDWR about their availability in September. They did not return my call, so the hearing was scheduled without their input.
