Hi Morgan,

I just sent Adrienne an email with a proposed limit on water usage. We are waiting for a draft agreement from her and would like to settle this outside of the formal hearing process. Thank you for the reminder!

Sincerely,

Daniel W. Larson, P.E.

Subject: Follow-up to Pre-hearing Conference re: Application for Permit No. 95-17198

Dear Interested Parties:

At the November 29, 2016 pre-hearing conference regarding Application for Permit No. 95-17198, the parties agreed to work towards a settlement agreement over the next 30 days. I committed to checking back in with you all, if the Department had not received a settlement offer or withdrawal of protest by the end of the 30 day period, which it has not. Please let me know if you are actively pursuing settlement of the protest. If not, we will move forward with scheduling a hearing to resolve the matter.

Thanks in advance for your response.

Happy New Year.

Morgan
