RE: PERMIT #74-15701

Dear Darla,

I'm asking for a waiver requiring the installation of a lockable water measuring device for my pond.

The pond is approximately 1/10 acre and is NOT used for irrigation. There is only a small amount of water circulating from creek to pond, and back to creek. I would also like to request a waiver of the .25 inch screen because there is no irrigation.

Thank you in advance for your consideration.

Sincerely,

Ross Bond
