Subject: Permit 74-15701 request for waiver of device requirement
Attachments: DOC003.pdf

Darla, attached please find letters from Ross Bond, permit holder, and Rick Sager, watermaster WD74, regarding a requested waiver of measuring device condition. The letter from Mr. Bond also references the screening requirement which must be addressed by IDFG.

I don't know anything about this diversion; Rick asked me if I could send these over to you. However if you have any questions please let me know.

WATER DISTRICT 74

985 HWY 28

SALMON ID. 83467

TO: DARLA BLOCK IDWR

This is in regard to permit # 74-15701 for Ross Bond.

As the Water master of Dist 74 I will not be requiring a lockable head gate or a measuring device. The diversion will not affect any users on the tributary. It has a non consumptive use.
