Here is the map showing the new POU. I will have my paralegal Bonnie Hill send you the shapefile for this.

I've also attached a map showing how we calculated the acreages. The 6 acres taken off the southeast corner is being reassigned to three parcels of 2 acres each. Let Bonnie know if you would like any of these shapefiles.

Great, do you have the new place of use shapefile you can send me?

Hi T.J.,

I am starting the review and processing for the transfer application involving water right 31-4004. There is one correction that needs to be made, and I can do that as long as you agree. The land list for the place of use in T7N R36E Sec 33 has 34 acres in SWSW QQ instead of the SWNW QQ as indicated on the map. If this looks good, I can make the change.

4. Place of use: (If irrigation, identify with number of acres irrigated per 1/4 1/4 tract.)

☐ No changes to place of use are proposed - the following chart is therefore not completed. (Proceed to #5.)

Twp	Rge	Sec	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Acre Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
7N	36E	32	40	28	29	40													13
7N	36E	33						39					34						7
Total Acres (for irrigation use)																			21

I was also hoping to get the shapefile for the new place of use.

If you have any questions, let me know.

Thanks,

Scott Stosich
