Subject: Trinity Aquisitions LLC; Transfer 80191 Completion Extension Request

Nick-

Per our telephone conversation this afternoon, recent litigation between Trinity Acquisitions LLC and previous owners of the property involving the water rights and a U.S. Bureau of Reclamation Storage Contract has precluded the LLC from tying in the fourth spring point of diversion located on Government Lot 4, SWNE Sec. 5 T.02N R.10E B.M to the other three points of diversion as described in approved IDWR water right transfer 80191. This email serves to notify IDWR of the intent to complete approved water right transfer 80191 on behalf of Trinity Acquisitions LLC on or before 3/10/21 (5 years post transfer approval). Please print and file this email associated with the afore mentioned transfer and let me know if you have any additional comment or questions. Thanks for your time.
