Yes, you are right about that overlap. My Dad wasn't very thorough when he transferred that ground to my brother. He was killed in a plane crash last October. Can I work something out with his wife to sign. Where it is in his name can she do that? She will be here in Driggs in about two weeks. I will get back with you then.

Subject: Transfer Application

Good Afternoon George:

During the final review of your transfer application, it was found that the place of use for the water right 22-162B is partially on property owned by Benjamin Bates (this is the area that you wanted to move the place of use to the east side of the QQ). In order to move water off Benjamin's property I am going to need authorization from him.. Sorry, can't be helped.. I attached a map for you, showing the problem area... The authorization can be as simple as a signed note from Benjamin.

If you have any questions, please let me know.

Thank you,

Kerrie Mathews
