**MEMORANDUM OF AGREEMENT
BETWEEN THE KALISPEL TRIBE OF INDIANS AND DELBERT W. JEPSON
REGARDING THE DIVISION OF WATER RIGHT 97-4012**

WHEREAS, the Kalispel Tribe of Indians (Tribe) is interested in confirming its ownership of Water Right 97-4012;

WHEREAS, this Water Right includes two beneficial uses: stockwater and irrigation;

WHEREAS, both of these uses have a diversion rate of .24 CFS, but the total diversion rate may not exceed .24 CFS;

WHEREAS, these uses overlap from June 1 to September 15, therefore requiring division of the .24 CFS;

WHEREAS, division of the .24 CFS now must be coordinated between the Kalispel Tribe, owner of lands to which the irrigation use is appurtenant, and Delbert W. Jepson (Jepson), owner of lands to which the stockwater use is appurtenant; and

WHEREAS, the Tribe and Jepson have a shared interest in avoiding any conflict in the future regarding division of the .24 CFS;

NOW, THEREFORE the Tribe and Jepson agree that Jepson's diversion rate for stockwater and any other uses shall not exceed .12 CFS from June 1 to September 15.

In consideration of the mutual covenants herein contained, the parties agree as follows:

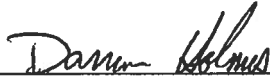

1. DURATION. The parties intend for the MOA to be perpetual, so long as the parties maintain the ownership and beneficial use of Water Right 97-4012 and own the properties appurtenant thereto.
2. DISPUTE RESOLUTION. The parties intend to resolve any disputes arising under this Agreement through direct discussions, mediations or other alternative dispute resolution methods outlined in applicable law. The parties do not agree to arbitration of any dispute arising under this Agreement.
3. NO WAIVER OF SOVEREIGN IMMUNITY. Nothing in this Agreement, nor any action taken by the Tribe or any of its officers, agents or employees in connection with this Agreement shall be deemed to be a waiver of the sovereign immunity of the Tribe.
4. ENTIRE AGREEMENT/ MODIFICATIONS. This agreement supersedes any and all other agreements, either oral or in writing, between the parties with respect to the terms of this agreement. Each party to this agreement acknowledges that no representation, inducements, promises, or agreements, orally or otherwise, have been made by any

party, or anyone dealing on behalf of any part which is not embodied herein, and that no other agreement, statement, or promise not contained in this agreement shall be valid or binding on either party, except that any other written agreement shall be valid as between the signing parties.

Modifications: Any modification of this agreement will be effective only if it is in writing and signed by both parties.

5. WAIVER. The failure of either party to insist on strict compliance with any terms, covenants, or conditions to this agreement by the other party shall not be deemed waiver of that term, covenant, or condition.
6. PARTIAL INVALIDITY. If any provisions in this agreement are held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.
7. SEVERABILITY. The illegality or unenforceability of any word, phrase, or provision of this agreement shall not in any way affect or impair the legality or enforceability of the remaining words, phrases, or provisions of this agreement.

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records based on the information received to reflect the change in ownership and has enclosed a computer-generated report for your records.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water right, then no further action is required at this time.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact me at 208-287-4942 if you have any questions concerning the enclosed information or this letter.

Dear Water Right Holder(s):

We have received and processed a Change of Ownership for a portion of your original Water Right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is issued to the new owner representing their portion of the original water right. Each water right contains only the portion of the original right for each separate owner. The original water right number reflects your remaining portion of the water right, after the change of ownership. Enclosed is a copy of this water right for your records. Please refer to your water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

RE: Notice of Change in Water Right Ownership No(s). 97-4011, 97-4012, 97-7004, 97-7061 and 97-2017

Dear Property Owner(s):

The Department of Water Resources received a Notice of Change in Water Right Ownership from you on May 2, 2016. During the review, it was discovered that additional information was needed to complete this request.

According to the warranty deed you provided, water right 97-7061 will need to be split. There are 18 acres located in Township 59N, Range 05W, Section 22, NESE that do not belong to the Kalispel Tribe of Indians. An additional fee of **\$75** will be required to split this water right. I have enclosed a water right report and map for your benefit.

In regards to water the splitting of water right 97-4012, the Department needs more information on how this is to be divided. Water right 97-4012 is a right for irrigation and stockwater with the diversion rate limited to the irrigation rate. It appears, according to the map you provided, Kalispel Tribe of Indians will get the irrigation portion of this right. However, since the stockwater rate is included in the irrigation rate, it is not clear on how we should proceed. Enclosed is a water right report for your benefit.

Please send the additional information to the address above, fax it to (208) 287-6700 or email to jean.hersley@idwr.idaho.gov. The fee for the dividing of water right 97-7061 will need to be mailed to the address above.

The Department cannot process the ownership change without proper information, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return the ownership change. Thank you for your patience.

Please feel free to contact me at (208) 287-4942 if you have any questions regarding this matter.

Sincerely,

Jean Hersley
