Subject: application for permit 73-12257

A letter was sent to you on February 14, 2017, requesting your available dates for a pre-hearing conference of your application for permit 73-12257 that was protested by Idaho Fish and Game. The deadline for these dates was February 28, 2017. As of the date of this email, the Department has not received anything from you.

Patricia called the Department after receiving the letter and mentioned you had worked things out with Fish & Game. We still have not received a withdrawal of protest from them. Please send the Department your available dates during March and April, 2017 by **March 10, 2017** so a pre-hearing conference can be set up. If the Department doesn't hear from you by that date, we will schedule the pre-hearing conference based on the availability of Fish & Game and IDWR. If you have any questions, please contact me at the number below.

Sorry, been busy calving and forgot to get that sent. I did talk to Jeff at Fish and Game, and they would still like to have the pre-hearing so we will send that in.
