Subject: Water Right Permit #63-33618

Dear Mr. Berry:

I went to call you back, but the phone number listed on your application for permit has been disconnected.

I looked up your water right permit in ArcMap, and the taxlot data shows an address of 9966 N Bogus Basin Rd. Boise Idaho. There are 2 other homes nearby. It looks like there are a total of 3 homes on a culdesac.

The current owner for the property for this permit in the taxlot data is listed as Robert Adams. If you have sold the property associated with this permit, you may want to assign this permit over to the new owner of the property. A water right in the permit stage is considered to be personal property of the permit holder which is currently in your name. An Assignment of Permit form and a \$25.00 filing fee would need to be filed by you in order for the new owner of the property to obtain this water right permit.

If you have any further questions, please call me at the phone number listed below.

Sincerely,

*Darla Block
