RE: Notice of Protest for Application for Permit No. 63-23644 (Heffner)

Dear Mr. Bledsoe:

On February 27, 2017, the Idaho Department of Water Resources (IDWR) received a Notice of Protest (notice) signed by you regarding application for permit number 63-23664. Unfortunately, the protest period for that application closed in November 2016. As the notice was not filed timely, IDWR cannot accept the protest and cannot consider you a full party to the contested case. However, you may still participate in the contested case in a number of ways as listed below in decreasing order of participation.

- You may petition to intervene as described in rules 350-354 of the IDWR Rules of Procedure.
- You may participate as a public witness if the matter results in a hearing as described in rule 355 of the IDWR Rules of Procedure.
- You may submit a letter of comment to the file.
- You may ask to be notified as the matter proceeds through resolution.

I have attached a copy of the IDWR Rules of Procedure for your reference.

Please feel free to call or write if you have further questions on this matter.

Sincerely,

Nick Miller
Manager, IDWR Western Region

Enclosure: IDWR Rules of Procedure (36 pages)
