Mr. Boyd Foster,

My name is Scott Stosich and I am the water resource agent reviewing and processing your application for transfer for water rights 35-2794A and 35-2633. As I assume you are aware, there have been changes to the water rights since your application was submitted, including a split that was filed by Tornngren Investment LLC. Due to that paperwork being filed, there will only need to be a change to the point of diversion and an ownership change for each water right, which means you need to be refunded for the split fees that you paid (\$150).

Also, the initial application had a rate total of 1.00 cfs, which has been updated to 0.99 cfs (35-2794A: 0.14cfs and 35-2633: 0.85cfs) due to the processed split.

As long as you agree to the changes, the application will proceed to advertising. Please get back to me to confirm the changes and let me know if you have any questions or concerns.

Thanks,

**Scott Stosich**
