RE: Change in Ownership Water Right No. 31-12257, 31-12255, 31-12253 & 31-10669

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Additional Information:** According to the information received with your application a transfer application was to be filed prior or in conjunction with the ownership change being complete. My research did not find a transfer application changing the point of diversion (POD) of your portion of the water rights listed above to the POD referenced in the Agreement. The department has tried to contact you by phone but has been unable to reach you. Please contact the department or file a transfer application in order to complete your application.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Cooper Fritz or myself if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
