RE: Ownership of Water Right 35-10717

Dear Property Owners:

Thank you for notifying the Department of the change of ownership for water right 35-10717. However, changing the ownership of a water right requires a Notice of Change in Water Right Ownership form. The form must be signed and submitted with a copy of the conveyance document- warranty deed, quitclaim deed, court decree, etc. The conveyance document must include the legal description of the property or description of the water right if no land was conveyed. Also, needed is a \$25 filing fee.

It appears that the land was sold to Harold B. Wright and Delna R. Wright in 2014 and as of February, 2017, Delna R. Wright is the sole owner. To be able to only list Delna as the current and only owner of the water right, proper documentation is needed for that also, such as death certificate or other court document.

I have enclosed a copy of the Department's Notice of Change in Water Right Ownership form for your convenience if you would like to have this water right in your names. Forms are also available on our website www.idwr.idaho.gov.

Please return the completed form along with the required support documentation and fee to my attention. I will be happy to update our records upon receipt of this information. I have enclosed a copy of the water right report and a map identifying the place of use of water rights.

If you have any questions regarding this matter, please call me at 208-287-4942

Sincerely,

Jean Hersley

RE: Domestic and/or Stockwater Rights in Reporting Area 5, Basin 35
Snake River Basin Adjudication (SRBA) *SOLE Owner*

*Delna R. Wright
23 Feb. 2017*

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your domestic and/or stockwater water right(s) in basin 35 (the middle Snake plain area). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended domestic and stockwater right(s) in your area. Water rights for irrigation and other purposes in basin 35 will be recommended in a later process.

Note that you have 120 days in which to file any objection to our recommendation and to review the domestic and stockwater water rights of other claimants, including those of the United States. Information on the other water rights can be found at the county courthouses in American Falls, Arco, Blackfoot, Hailey, Idaho Falls, and Rigby, and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the Court does not receive an objection from you about our recommendation, and no other party objects to your water right, your water right will be decreed later this year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions that you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director
