Hi, Holly,

Please publish the attached legal notice in the CDA Press on the dates indicated, March 2 and 9, 2017, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This should be very close to press ready – for 2-column, 8pt, Century Old Style font. It might even be close enough to just copy and paste, with very little modification required.

(Did you tell me that you are using a different font style now, and if so, which one?)

Please note the area(s) under **USE** containing dates and water amounts that are offset and lined up. Our legal should appear in this format.

Please also send a proof/preview copy for my review before this actually goes to press.

If you have any questions, please contact me as early as possible.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 3/20/2017. Your great assistance is always appreciated. Thanks for all your wonderful help.

Re: Well upgrade fee(s) for Water Right Permit Application for Whiteman Lumber Co.

Dear Ms. Dunham:

Please be advised that the current Application contains well information for a well that has not been designated for Commercial or Industrial use. Receipt records indicate Idaho Department of Water Resources (IDWR) has not received upgrade fees for either of the wells shown in the enclosed Well Driller Reports.

Each well that will be used for Commercial and / or Industrial use requires a \$150 upgrade fee. Please contact Natalie Steading at the IDWR Northern Region office at (208) 762.2800 if you have questions about the upgrade fee(s).

Re: Water Right Permit Application for Whiteman Lumber Co., Inc.

Dear Mr. Corkill:

Idaho Department of Water Resources (IDWR) is reviewing the Whiteman Lumber Application for Permit. **Please contact me not later than January 30, 2017 to correct the Purpose of Use, Point of Diversion, and Place of Use in this Application.**

The current Application shows Industrial use on Page 1 and a 'C' for Commercial use on Page 2. It is unclear if both uses, or which individual use, should be on the Application.

Please be advised that the current Application contains Point of Diversion well location information (94-95-N-26) that is in conflict with the same well for Whiteman Lumber's Claim 94-8115 for the Coeur d'Alene Spokane River Basin Adjudication (CSRBA).

The current Application map shows a Kootenai County tax parcel (49N01E298600), owned by Allan L. Groth instead of Whiteman Lumber, that is within the Application Place Of Use. This is in conflict with 11(b) and 11 (c) on Page 2 of the Application.

Legal Descriptions in the table on Page 2 are incorrect. Please refer to the enclosed IDWR map and contact me for assistance in correcting this part of the Application.

Please respond by no later than January 30, 2017. Contact me at (208) 762.2816 for help to correct the current Application for Permit. The Application will be returned, if no response is received, and the fees will be refunded pursuant to Idaho Code § 42-204.
