Subject: Valley Club Amendment Extension Request

Shelley,

I spoke with Mike Creamer today regarding the application for amendment for Valley Club's permit, 37-21338. I answered Mike's questions about the amendment. Now Mike needs to discuss the amendment with Barry Beavers of Valley Club, which he committed to do next week. Mike would like an extension to give them time to discuss. I told Mike that should be fine and told him if he needs longer than a week, to give you a call.

Cherie
