Re: License 63-32966 Condition No. 5

Dear Dan:

Barber Valley Irrigation Company Inc. own and operate water right 63-32966 (see attached). It has come to our understanding that License Condition No. 5 is not correct nor applicable.

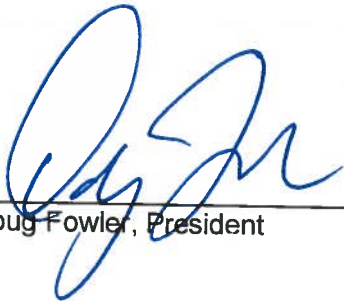

Condition No. 5 states:

"Transfer 74506 authorizes the diversion and delivery of 0.11 cfs and 25.2 af of water to storage for replacement of evaporation and seepage losses from three ponds (3) authorized by Right 63-32966."

It is our understanding that this condition is only applicable to water rights 63-365 and 63-2973 used for mitigation of the pond areas authorized under license 63-32966. It is also our understanding that this condition has since been corrected to diversion and delivery of 0.10 cfs and 22.1 af of water to storage as determined in the licensing field exam for water right 63-32966. Please remove this condition from the license record.

Thank you for your attention to this matter.

Sincerely,

Doug Fowler, President
