1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.

8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.

10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Unleased rights 36-4180, 36-2648A, 36-2729 and 36-8154, when combined shall not exceed a total diversion rate of 3.43 cfs, and a total annual maximum diversion volume of 1907.7 af.

Subject: request for comment WSB lease rental Simplot

Corey, Cindy,

I have completed my review of the WSB lease for Simplot's right 37-4179. The right was for industrial use (potato processing, Heyburn) and has been in the bank for many years. This lease is in essence a re-up request for another 5-year term.

The lease has a companion partial rental for Simplot's Rupert plant and two other rentals (for Boise Package & Newsprint and A Wickel) pending its approval. Simplot did not provide modeling of the ESPA but I believe that the water move would pass without additional mitigation. But I have been told to hold the Simplot rental until we get the modeling.

I have attached a copy of my rental review memo and a map showing the relation of Simplot's lease and rental PODs and POU's.

Please let me know if you have any concerns about this lease-rental.

Thank you as always.

Dear Remington:

Attached for filing are the above referenced applications. Similar to recent years, the Water Supply Bank Lease Applications for 35-2553A, 35-2713, 35-7169, 35-7373, 35-10422, 35-14258, 35-14260, 35-14262 are submitted for the Rental from the Water Supply Bank by Nic Behrend, who represents BBK, a farming enterprise who operates near Aberdeen, Idaho. By copy of this letter, Nic will arrange for the companion applications to Rent these water right from the Bank to be filed should you approve the enclosed Lease applications. I expect Nic will contact you directly to discuss any details that should be contained in his rental applications.

Water right 36-4179 was leased to the Water Supply Bank up to December 31, 2016. The attached Lease application is seeking to resume leasing this water right to the Water Supply Bank for a new five year term. In connection with this Lease application are two companion Rental applications. These Rental applications provide the water to cover the withdrawals formerly diverted under 36-8471 and 36-8469. Water Right 36-8471 and 36-8469 were curtailed due to the Rangen water call. The Rental of a portion of water right 36-4179 was previously approved during the last two years to cover the water use formerly diverted under 36-8471 and 36-8469.

I am enclosing a check in the amount of \$2,250.00 to cover the applications to Lease to the Water Supply Bank. I arrived at this fee as follows:

Water Right No(s) to be Lease to Bank	Fee Amount
35-2553A	\$250
35-2713	\$250
35-7169, 35-7373 and 35-10422	\$500
35-14258, 35-14260 and 35-14262	\$500
36-4179	\$250
Total	\$2,250

Please contact me should you need any additional information from me to conduct your analysis of these applications – or if I miscalculated the fee amount (phone: 208-780-7359; email: vic.conrad@simplot.com).

Sincerely,
