Re: River Run HOA WR 63-9386B Water Measurement Report – Reporting Year 2016 - Return

Dear Ms. Drake:

The Idaho Department of Water Resources (IDWR) received the enclosed water measurement report on 1/12/17. After review of your current Boise River water right conditions (63-9386A and 63-9386B) and discussions with IDWR's Water Distribution Section, Hydrology Section, and Western Region staff, it's been determined the right holder is not required to submit an annual measurement report to IDWR. However, the water right holder should continue to provide measurement data to Water District 63 Watermaster (Rex Barrie) per the agreed upon reporting schedule.

IDWR is returning the water measurement report. A refund has been requested for the \$25 filing fee, a copy of the refund request memo is also enclosed. Please contact me at 208-334-2190 if you have any questions.

Regards,

Angela M. Grimm
Water Rights Supervisor
