Re: Application for Permit No. 29-14200

Dear James,

IGWA hereby withdraws its protest against Application for Permit No. 29-14200. This withdrawal is based on the Applicant's representation that the water right being applied for will be simply to cover the existing ponds as presently constructed, and that there will be no enlargement of the ponds under this Application.

Should you have any questions, please give me a call.

Sincerely,
