Dear Mr. Lakey:

Per your request, staff members from Idaho Department of Water Resources made flow measurements upstream and downstream of a recently permitted power plant (permit number 37-21297). This power plant is currently owned by William Arkoosh. Nathan Erickson and I met you, and Bill and John Arkoosh on site on September 16, 2016 to make measurements with a Teledyne RDI StreamPro.

We took a measurement upstream of the power plant (downstream of the diversion from the Little Wood River), at a location referred to as Little Wood Ranch #2. An average of eight transects resulted in an average flow of 381.6 cfs. Please see the attached map and photos for measurement locations.

Our second measurement was taken downstream of the power plant at a location referred to as Little Wood Ranch #2 Tailrace (upstream of the point where the water is returned to the Little Wood River). An average of four transects resulted in a flow measurement of 380.5 cfs.

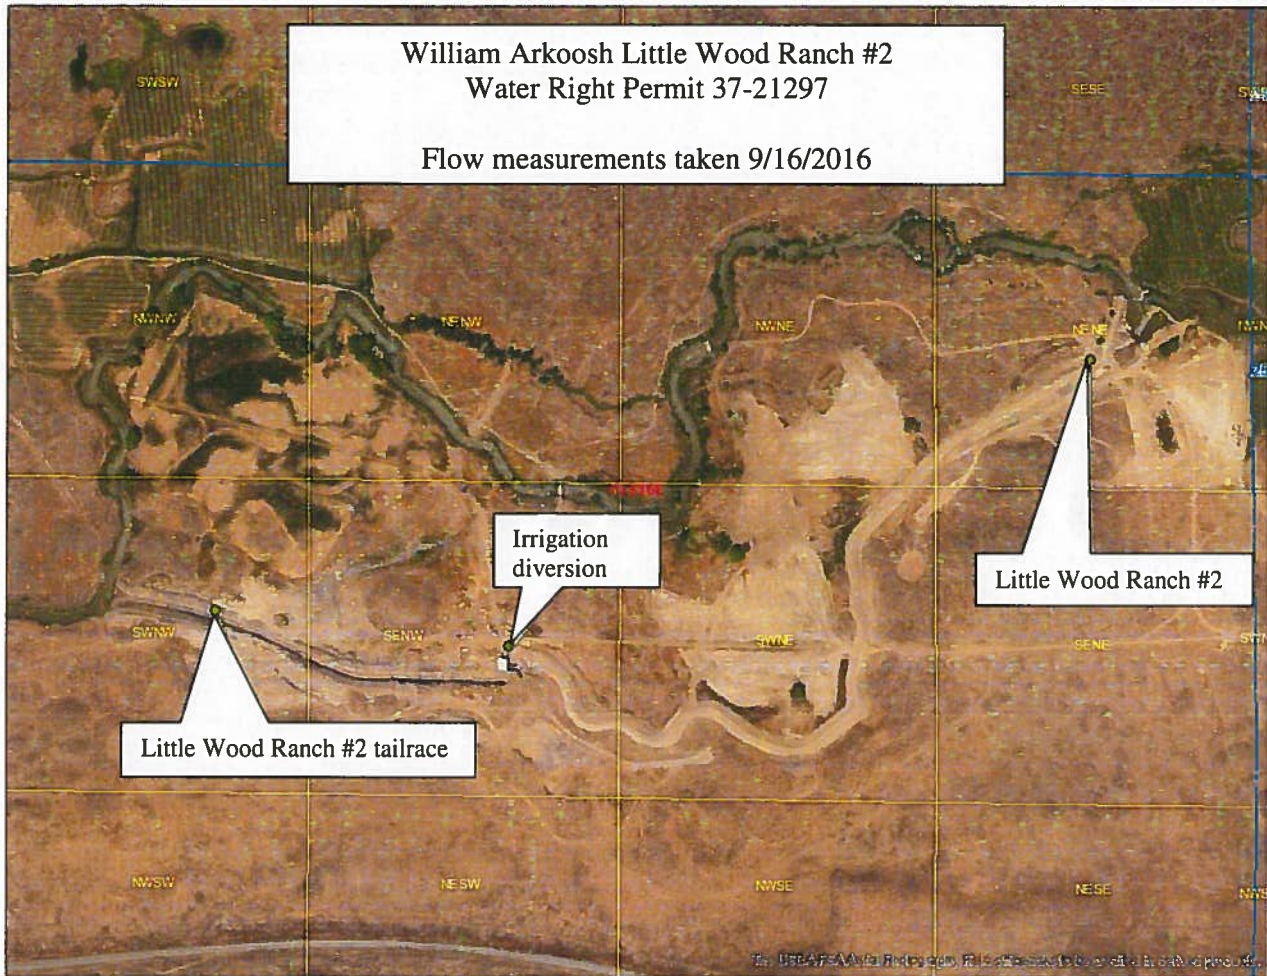

A diversion between the two measurement points was determined to be 2.40 cfs.

Please feel free to contact our office if you have any concerns or questions.

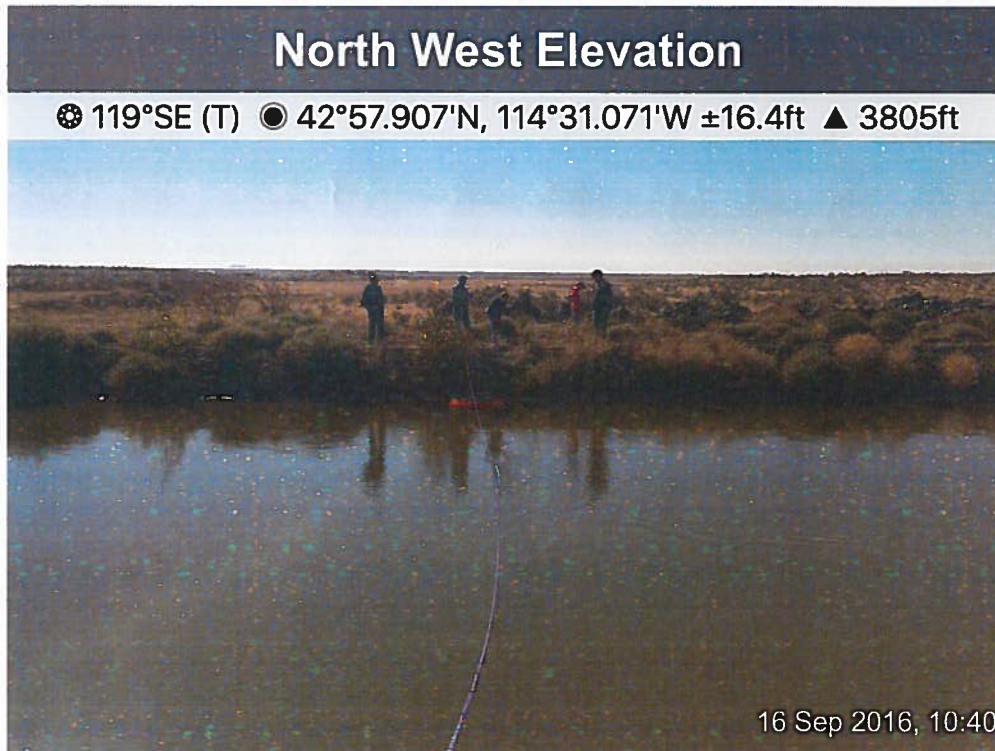

Sincerely,

A handwritten signature in blue ink that reads "Michelle Richman".

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 37-21297

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Southern Region Office of the Department located in Twin Falls at (208) 736-3033.

Sincerely,

Darla Block
