Re: Lease Expiration Notice

On January 6, 2017, the Bank inadvertently sent a Lease Expiration Notice to Stubblefield Construction, owner of water right 63-2549B. The Lease contract does not expire until December 31, 2019. Remington called and left a message letting Mr. Stubblefield he could ignore the letter sent to him. The water right was added to the new WSB program and also was updated in Access.
