Good morning,

We have received your Change of Address for your water rights, and our records have been updated accordingly. I see that you have gotten married, and would like to change your name as well.

Before we can modify our records to reflect your married name, we need to have the attached Notice of Change in Water Right Ownership form completed. Although you are simply changing your name, and not the ownership, we need this form completed, signed and submitted with a copy of your marriage certificate, or other legal document showing the name change. Please note, there is **no fee** for the name change process, as indicated on the form.

Please feel free to contact our office if you have any questions regarding this information.

Have a good day,

Denise Maline
