Mr. Honsinger,

As you are aware, this application has been protested so the application processing will proceed toward a hearing to determine the outcome. While it is likely the information requested in the 12/7/2016 letter will be germane to that proceeding, I do not see that it is reasonable to enforce a deadline to provide that information at this time. As the contested case progresses, the applicant could be required to provide the information and any applicable deadline to do so would be determined and communicated at that time. Unless and until otherwise notified, consider the 12/7/2016 request for additional information withdrawn.

Please let me know if you have further questions.

Nick Miller
Manager, IDWR Western Region.

Angie: As you and I discussed this morning, this email message will formalize my request to you that you extend the due date for a response to the information request in your December 7, 2016 letter regarding the above-referenced transfer. I am requesting that the due date be extended until Monday, January 23, 2017. If this is acceptable, please let me know via reply email.

Thank you.

Charlie
