CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.
2. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

WATER RIGHT NO. 25-14344

3. Commercial and Industrial use is for concrete mixing, aggregate washing, and dust suppression at a quarry.
4. Right 25-14351 mitigates for the depletion of water caused by the diversion and use of water under Right 25-14344. To prevent injury to other water rights, the right holder shall cease diverting water under Right 25-14351, which shall remain un-diverted.
5. If Right 25-14351, or a portion thereof, is sold, transferred, leased, used on any place of use, or is not deliverable due to a shortage of water or a priority call, then the amount of water authorized for diversion under Right 25-14344 shall be reduced by the same proportion as the reduction to Right 25-14351.
6. Noncompliance with any condition of this right, including the requirement for mitigation, is cause for the director to issue a notice of violation, cancel or revoke the right, or, if the right is included in a water district, request that the watermaster curtail diversion and use of water.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 3rd day of January, 2017.
