Re: Transfer of Water Right Nos. 29-2332 and 29-7056

Dear Lesa,

This letter is meant to notify you of an Application for Transfer which was recently filed with IDWR involving water right nos. 29-2332 and 29-7056. These water rights authorize the irrigation of 237 acres. According to the Snake River Basin Adjudication partial decrees, the place of use for the water rights includes land in the southeast quarter of the southeast quarter of Section 28 T11S R37E. Bannock County taxlot data indicates that North Star Supply, LLC owns approximately 1.9 acres within that quarter-quarter.

The Application for Transfer filed by Downey Properties, LLC seeks to rearrange the place of use for water rights 29-2332 and 29-7056. Please refer to the enclosed maps to compare the current and proposed places of use for the two water rights.

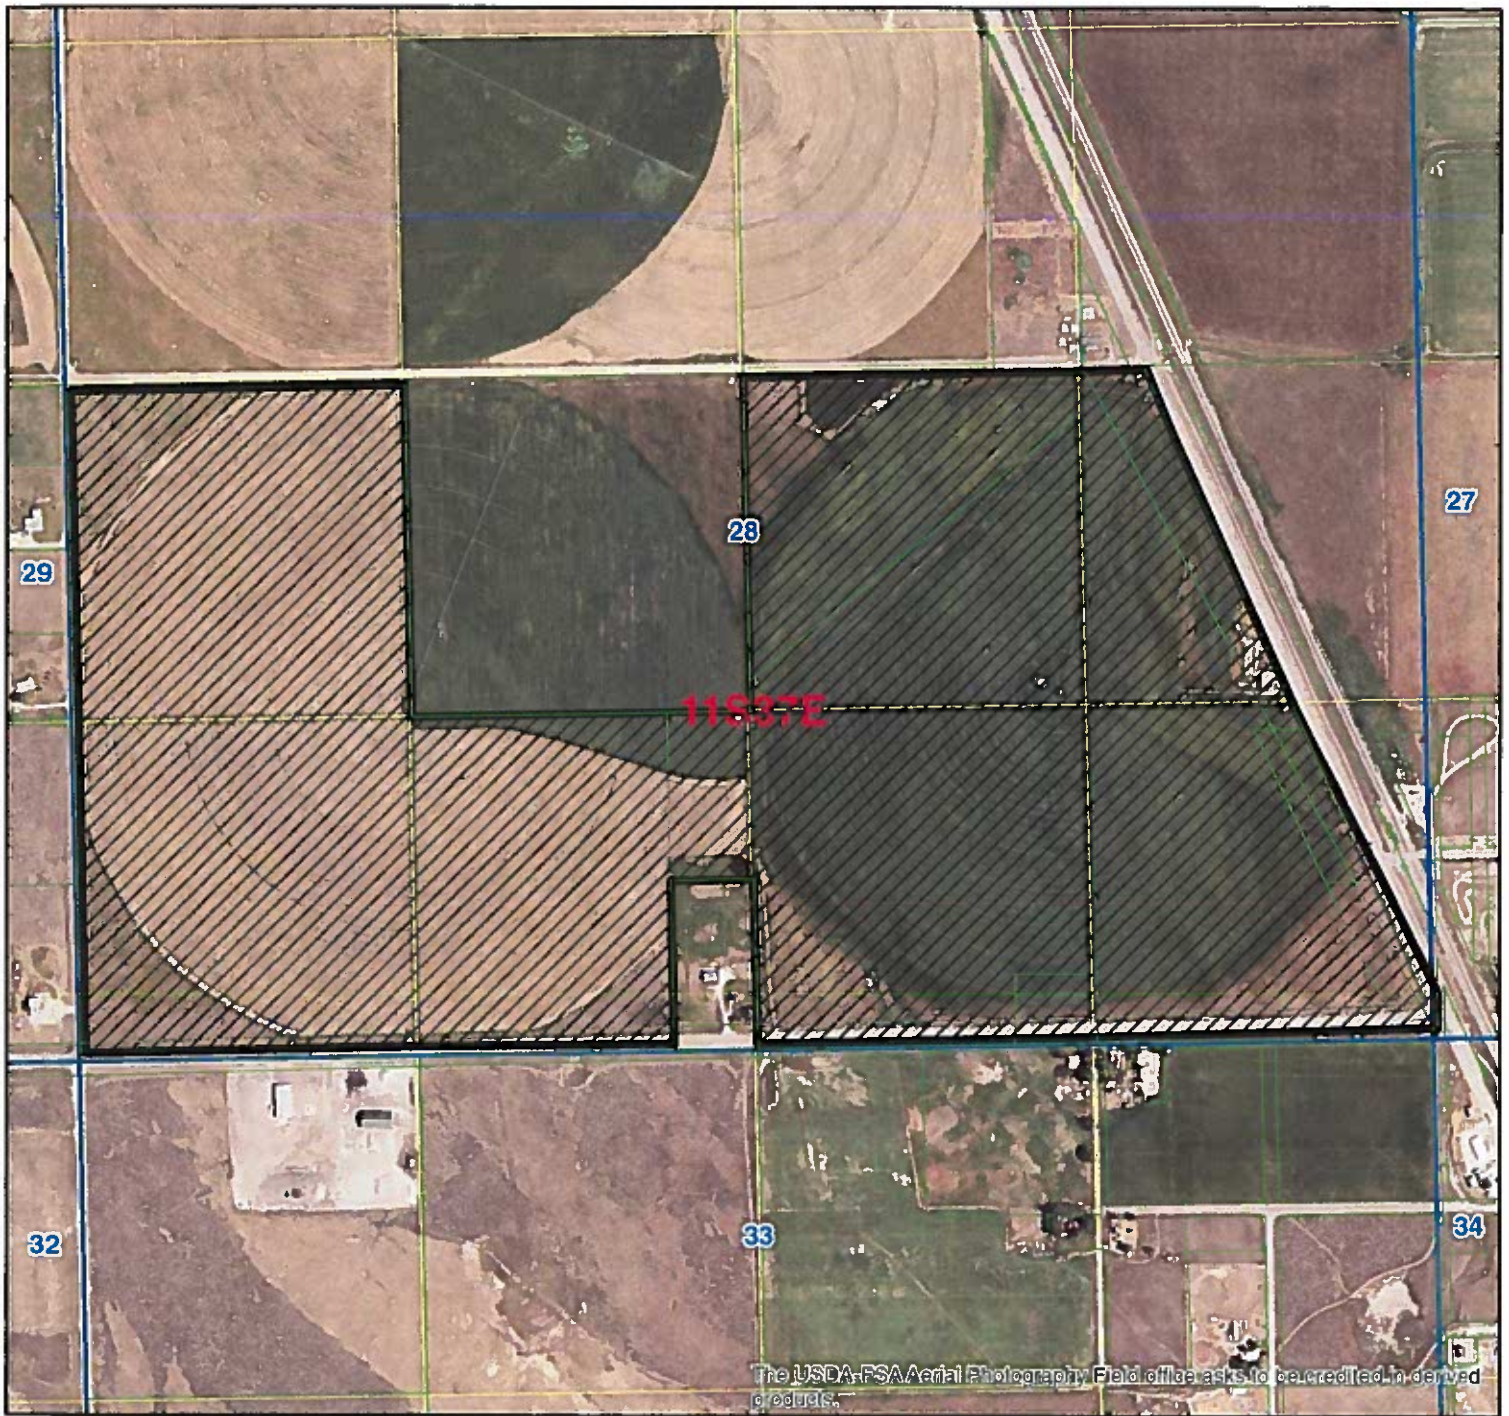

Because ownership of a portion of these water rights is somewhat ambiguous, I feel it is important to notify you prior to approving the proposed changes to see if you assert an interest in the water rights being moved.

Please contact me if you would like to discuss this matter in greater detail. If I do not receive a response from you by November 14, 2016, I will assume that you do not assert an interest in water rights 29-2332 and 29-7056 and that you have no objection to the transfer being proposed by Downey Properties, LLC.

Sincerely,

Michael Holliday
Water Rights Supervisor
