OF THE STATE OF IDAHO**

NO. 95-15115 IN THE NAME OF	)	PRELIMINARY ORDER
MICHAEL BEERMAN AND/OR	)	REINSTATING A PERMIT
ARWEN BEERMAN	)	
_____	)	

This matter having come before the Idaho Department of Water Resources (“Department”), the Department finds, concludes and orders:

FINDINGS OF FACT

1. On August 29, 2011, the Department issued Permit No. 95-15115 (“permit”) in the names of Michael Beerman and/or Arwen Beerman with the condition that proof of construction of works and application of water to beneficial use (proof of beneficial use) be submitted to the Department on or before September 1, 2012. The permit bore the priority date of May 26, 2011.

2. The Department inadvertently failed to mail a notice to the permit holder sixty (60) days prior to the proof due date, as required pursuant to Section 42-204, Idaho Code.

4. On October 31, 2016, the Department notified the permit holder by certified mail that proof of beneficial use was due by January 1, 2017, and instructed the permit holder of the steps to be taken to submit the proof or a Request for Extension of Time (“extension request”).

5. On November 21, 2016, the permit holder filed a Statement of Completion for submitting proof of beneficial use (“proof”) with the appropriate license examination fee.

CONCLUSIONS OF LAW

1. Section 42-204, Idaho Code, provides as follows:

Sixty (60) days before the date set for the completion of the appropriation of water under any permit, the department shall forward a notice to the applicant by certified mail at his address of record of the date for such completion, which said notice shall advise the applicant of the necessity of submitting an affidavit of completion or a request for an extension of time on or before said date;

2. Section 42-218a, Idaho Code, provides in pertinent part, as follows:

A permit upon which the proof of beneficial use has not been submitted, or a request for extension of time has not been received on or before the date set for such proof, shall lapse and be of no further force nor effect. Notice of said lapsing shall be sent by the department to the applicant at the address of record by regular mail . . .

3. Section 42-218a (3), Idaho Code, provides as follows:

The original priority date of a lapsed permit shall not be reinstated except upon a showing of error or mistake of the department.

4. The permit lapsed when proof of beneficial use was not submitted by the September 1, 2012 deadline.

5. The Department erred by failing to comply with the 60-day notice provision of Section 42-204, Idaho Code, and by failing to send notice of the permit lapsing pursuant to Section 42-218a, Idaho Code.

6. The permit holder has provided a reasonable showing why the permit should be reinstated by submitting acceptable proof of beneficial use on November 21, 2016.

7. The Department should reinstate Permit No. 95-15115 with no change in the priority date.

ORDER

IT IS HEREBY ORDERED that Permit No. 95-15115 is reinstated with no advance of the original priority date.

Dated this 8th day of December, 2016.
