**RE: 2016 Accounting Report of Grand Teton Canal Company as Required by
Conditions Contained in the Approval of Application for Transfer No. 76065.**

Dear James:

This letter is in regards to Water Right No. 22-277A, which is owned by Grand Teton Canal Company, and the resulting changes to it under Transfer No. 76065, specifically condition no. 16.

For 2016, no new ponds have been developed, and the map of the ponds and report we submitted in 2014 and 2015 remains exactly the same. Huntsman Springs remains the only entity who has constructed ponds pursuant to the transfer approval. While no new ponds have been proposed, the housing economy is beginning to see signs of improvement, and there may be new ponds proposed in 2017.

If you have any questions or concerns, please do not hesitate to give me a call.

Best Regards,

Robert L. Harris
