Subject: Idaho Water Permit: 96-9605

Dear Permit Holder:
S & N OF SARASOTA LLC

Permit Number: 96-9605

IMPORTANT: A response from you is required to maintain the active status of the referenced water right permit.

If no response is received from you, the permit will lapse and your authorization to develop and/or use this water right will be cancelled. This is a courtesy 120-day reminder.

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before **4/1/2017**.

The proof statement must be accompanied by either the appropriate license examination fee or a field examination report prepared by a certified water right examiner.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been delayed by a government agency or by litigation that brings title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. An extension request must be accompanied by a \$50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney.

Proof of Beneficial Use and Request for Extension of Time forms are available from any department office or at the department's website at www.idwr.idaho.gov.

Either an acceptable proof or an acceptable extension request must be received by this department on or before the above proof due date. If neither is received, the department will send you a lapse notice and the permit will no longer be of any force or effect.

Sincerely,

Attachments: Request for Extension of Time Form & Instructions.pdf; Statement of Completion Form & Instructions.pdf

Dear Mr. Stanaland,

I have attached the two forms above that you will need to choose from. If you still have your document called "Permit to Appropriate Water" that document will help you in filling out the proof statement. If you are not completely done with your development of this water right permit you will want to fill out the request for extension of time form. If you have any questions regarding this please call me.

Sincerely,

Darla Block

Not sure what format that beneficial use thing should be, is there a form for that?
The following pics are the crop I grow, bareroot strawberry plants packed and shipped to Florida for winter fruit production.
We packed 7,500,000 plants by hand in 16 days.
