RE: Permit no. 91-07527

November 10, 2016

Department of Water Resources:

Enclosed please find the completed paperwork you requested along with our payment. I have enclosed a copy of the permit for the tribe as well as the proof of payment to our community water which covers our household needs. The water pulled from the river is for irrigation only and is used only 3 months a year. The pump is in a shed with access for emergency shut off if needed but is not on for fall/winter/spring and the lines are pulled every year.

If you have any questions or wish to send further documentation please do so to the Bainbridge Island address which is the mailing address we use and our primary residence.

Thank you
