Re: Transfer of Water Right No. 29-13892

To Whom It May Concern,

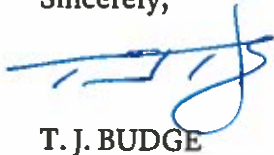

Please find enclosed an original and a second copy of Page 1 of Application for Transfer of Right No. 29-13892 submitted on behalf of A.W. Hardy Family Investments, Ltd., Steven Hardy, Trustee, together with a check in the amount of \$500 for the filing fee. Please file the original and conform stamp and return the copy to me in the enclosed envelope.

This Application proposes to transfer water right no. 35-~~13892~~ to a subdivision development in north Bannock County, Idaho, known as Prairie Estates. There are presently no wells or irrigation system in place for the Subdivision. The precise well locations and distribution system will be determined after the transfer is approved. Accordingly, the Application does not identify discrete points of diversion, but instead allows the Applicant to drill wells at any location within the Subdivision as may later be deemed appropriate.

Similarly, the Application creates a permissible place of use covering the buildable lots within the Subdivision. The number of irrigated acres that will be allocated to each lot is yet to be determined.

Should you have any questions regarding this Application, please feel free to give me a call.

Sincerely,

T. J. BUDGE
