MEMORANDUM

Date: November 7,2016

To: Transfer 80652 File

From: Jana Reeder

Re: Evaluation of Sufficiency of Information Submitted

Transfer # 80652 proposes adding six irrigation water rights (36-16351, 36-16352, 36-16353, 36-16366, 36-16387 and 36-16691) to a package of 72 irrigation ground water rights and creating a new 11002.5 acre permissible place of use on a farm. The farm is currently serviced by 29 existing wells that are also recorded as authorized points of diversion for the six water rights. In addition 36-16692 was added to the transfer to correct legal descriptions for the same 29 wells but will not be included in the new permissible place of use bringing the total to 79 water rights. See attached email dated 11/1/2016. (These seven water rights were split off the farm in previous transfers.) The 29 wells will divert up to 128.51 cfs and 36,936.1 AF for the irrigation of 9247.1 acres within the new 11002.5 acre authorized place of use. The farm is centrally located approximately 15 miles north of the City of Rupert.

Upon review it was discovered that 8 of the 29 wells were described incorrectly on all the water rights involved in this transfer. After discussion with the consultant it was determined to modify the transfer by dropping the 10-acre tracts on all the points of diversion and correcting the 8 pods to reflect their actual locations. Note, that no actual physical change occurs to the points of diversion.

Due to the nature of these changes (only making changes to PODs on paper right, and adding adjacent lands to the new PPU) it is recommended that this transfer be processed and approved without any public notice. The proposed changes will update the farm's existing POU and will enable flexibility for mitigation use in the future. The property and points of diversion are located within the ESPA and Water District 130 so water master comments will be sought.

Note transfer also changes ownership of 36-16691 from BLM to Western Mortgage & Realty CO.

- **Authority to File:**
  The current owner of the rights involved with the transfer is Western Mortgage & Realty Co. the transfer applicant. The applicant has submitted deeds showing ownership of the lands involved in prior transfers. IDSOS information indicates that Tim Tippett can sign on behalf of the applicant. A lien holder letter was submitted with the application giving consent for the transfer from the Bank of America.

- **Water Right Validity:**
  The rights involved with the transfer were decreed in the SRBA. Aerial photography appears to support irrigation of the farm.

- **Injury to Other Water Rights:**
  No hydrological impact anticipated.

- **Enlargement of Use:**
  None anticipated.

- **Local Public Interest:**
  No issues anticipated.

- **Beneficial Use/Conservation of Water Resources:**
  Proposed use is recognized as beneficial use of water.

- **Effect on Economy of the Local Area:**
  None anticipated.

- **Effect of the Agricultural Base of the Local Area:**
  None anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Re: Fee Memo

The original fee of **$5740.00** for Transfer 80652 was based on **125.72 cfs.**

Schedule fee for 100-500 cfs = $5220.00

$ 20.00 for each additional 1 cfs or part thereof over 100 cfs.
$20.00 X 26 cfs = $520.00

$5220.00 + $520.00 = $5740.00

An Amendment was filed to add and Change of Ownership of water right 36-16691 in the name of the BLM. Water right will add an additional 2.68 cfs to transfer rate total.

Change of Ownership = $25.00
Additional 3 cfs = $20.00 X 3 cfs = $60.00
$25.00 + $60.00 = $85.00 for additional fees

Total fee: $5740.00 + $85.00 = $5825.00

plus 0.11 cfs from 36-16692 = 128.51 cfs
no change in fee.

Dear Applicant:
Upon review of applications, the Department found pending Transfer # 80652 in the name of Western Mortgage & Realty Co. submitted on your behalf by Hattie Zobott of Brockway Engineering. In reviewing the file several issues need to be addressed to complete the application. The list of bulleted items below will need to be provided to move forward with processing the transfer.

- **Points of Diversion** Our aerial imagery shows several points of diversion that are located in the wrong legal description and need to be corrected. An email from February 2nd indicated that Hattie would discuss the recommended changes with their mapper and get back to the Department. That was the last correspondence about the corrections.

- **Place of Use** Several new tracts are proposed for the new permissible place of use. Proof of ownership is needed for the new acres. If you do not own the property then you must provide documentation that authorizes the change on behalf of the current owner of the proposed new place of use. Note that some land included in Sections 10 and 14 (T07S, R23E) appear to be owned by Bingham Ranch LLC and not Western Mortgage & Realty Co.

- **List of Water Rights to be Changed** An application for transfer must list all water rights used in a common system. Water right 36-16691, in the name of the BLM, is appurtenant to ground, owned by Western Mortgage & Realty Co, that is included as part of the proposed permissible place of use and appears to be part of the farm's system. This right needs to be included in the transfer application and may require a change of ownership or permission from the BLM to modify their right. This was also discussed in the previously mentioned February 2nd email. Note that including this right along with a potential ownership change will result in an increase in the required filing fee.

The items mentioned above constitute the application being considered incomplete and un-processable. If a replacement application addressing the items outlined above is not returned within 30 days the Department will return the application and refund the filing fees ($5,740.00 to Brockway Engineering per IDWR receipt # S035225).

If you have any questions, or if I can be of any assistance, feel free to contact me at your convenience at 208-736-3033.

Dear Jana,

I updated the POU an PPU again. Thank you for your help on this transfer.

The annual volume of 36,379.3 afa is correct.

Please do not include 36-16691 on the transfer.

Please check with Allan on the category of the transfer if we change the POD descriptions. I will have our mapper review the recommended POD changes concurrently.

Sincerely,

Hi Hattie,

As per our discussion this morning, I have attached the corrected list of the proposed wells for this transfer. The Department's GCDB layer shows these 8 wells as being described in the wrong legal description and this transfer is an opportune time to correct them. Please look over the attached exhibit B and let me know if you agree with the corrected legal descriptions.

I also will need confirmation that the correct annual volume for page 3 of the application is 36,379.3 AFA. (34,457.3 AF+ 1922 AF = 36,379.3 AF)

Lastly if you would please double check on water right 36-16691 and let me know if it needs to be included in this transfer.

Have a great weekend!
Thanks,
Jana

Re: Desert-Keco POU/PPU Transfer

Dear Mr. Merritt:

Western Mortgage and Realty Co has a large farm with an existing Place of Use for 8,627.4 acres. The applicant proposes to combine five water rights with the large place of use above to create a comprehensive place of use of 9,107.9 acres within a permissible place of use. The proposed permissible place of use includes the entire property of 11,130.4 acres. All of the water rights included in this transfer are owned by Western Mortgage and Realty Co and share the same points of diversion. No hydrologic changes will occur as the result of this transfer. Therefore, we respectfully request that the transfer not be advertised.

The proposed changes will update the irrigation shape and enable future updates to be made more readily. The proposed changes will also enable flexibility to mitigate for groundwater use in the future. Thank you for your consideration of the Desert-Keco Transfer. Please contact me with any questions, or for additional information.
