RE: Application for Submitting Proof of Beneficial Use  
91-7381 Ducommun - Additional Information Request

Dear Permit Holders:

The Department of Water Resources has received your application for submitting proof of beneficial use. After an initial review more information is needed before moving forward with processing. Please answer the questions listed below to clarify various items on the application.

1. Based on aerial information, there is a question as to the irrigation that appears to be taking place in the POU area as noted on your submitted map. Could you please confirm what areas are receiving irrigation on the enclosed map? Please include pictures and any other additional information you feel might be of assistance in our review. If necessary, an on-site field exam can also be scheduled.

Please provide the requested information within 30 days. If you have any questions about the information requested above, please contact me directly for clarification. I am available by email at [kyle.rayworth@idwr.idaho.gov](mailto:kyle.rayworth@idwr.idaho.gov), by phone at (208) 287-4912 or at the address above. I will be happy to clarify any of the questions. Once your application is defined clearly to meet your proposed plan of use, the application will be prepared for public notice. Concurrently you will receive an additional letter addressing Wild and Scenic concerns since you are located within the Wild and Scenic River area.

Please contact me at the State Office in Boise if I can be of assistance.

Sincerely,

Kyle Rayworth  
Water Rights Agent
