MEMORANDUM

TO: Water Right Permit File 917452

FROM: Daniel A. Nelson

DATE: October 27, 2016

SUBJECT: Field Examination Required

Water right permit 91-7452 was held for an in-house field examination. The place of use for this permit has a heavy tree canopy and the only place that looks irrigated within the permit's place of use is on a tax parcel owned by someone other than the permit holder. Due to these circumstances, I feel it would be best if an agent performed a field examination for this property. There is no way to tell if exactly how this system was designed with aerial photography.

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 91-7452

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
