Subject: Waddoups & IDL Transfer Application #81273

Good Afternoon:

The Department has received the application for transfer that was submitted on behalf of Tommy Waddoups and the Idaho Department of Lands. I am in the process of reviewing the application. The application purpose indicates that an additional new point of diversion and a correction is being requested through the transfer process.

However, the transfer application indicates *one* point of diversion for all six water rights. Could you please double check the application? If you wish to add a point of diversion to the existing points of diversion, please amend page 3 to reflect this request.

If you have any questions, please let me know.

Thank you,

Kerrie Mathews
