A. PURPOSE OF TRANSFER

1. ☐ Change point of diversion ☐ Add diversion point(s) ☒ Change place of use
☐ Change nature of use ☐ Change period of use ☐ Other _____

2. Describe your proposal in narrative form, including a detailed description of non-irrigation uses to justify amounts transferred (i.e. number of stock, etc.), and provide additional explanation of any other items on the application. Attach additional pages if necessary and label it **Part 1A.2**.

This application proposes to reconfigure the Place of Use to reflect current irrigation practices and split the water right based on delivery systems and overlapping ground water rights. The remaining portions of the water rights will not be changed in this transfer. Continued in part 1A.2.

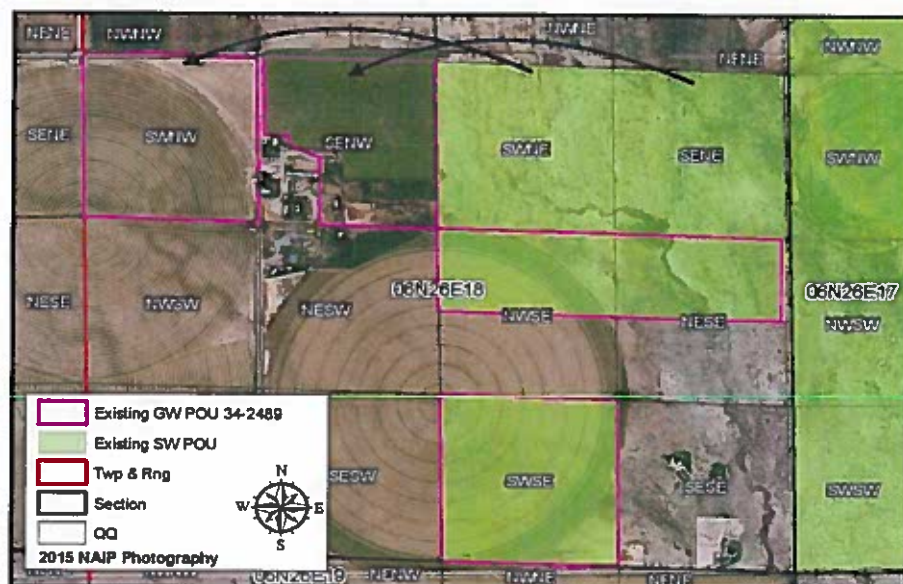

Narrative of Proposal

This transfer is one of several transfers on behalf of Brett Williams to update the water rights relative to the properties that he irrigates and farms. The other transfers are relative to properties directly adjacent to those in this transfer and pertain to water rights deliverable from one or more of the same diversions. The properties are operated as one farm, even though the ownership does not reflect one owner.

Applicant (Williams) currently owns eight surface water rights (34-18, 34-19, 34-20A, 34-253B, 34-569E, 34-608B, 34-609B, and 34-13582) pertaining to a Place of Use in Custer County, Idaho. All eight water rights share a Place of Use of 721.8 acres, in which there are other surface water and ground water rights overlapping various locations on the same Place of Use. This transfer proposes to split 153 acres of the original Place of Use into new water right numbers, which completely overlap ground water right 34-2489 (see companion transfer). Ownership of these water rights will not change due to this transfer. The water right split is based upon diversion, delivery, and irrigation systems as they are currently used. No changes are proposed for the remaining portions of the 8 surface water rights. This transfer proposes to accomplish two goals: split the water rights and update the irrigated acres to reflect current irrigation practices.

In review of the Place of Use of these water rights, it became apparent that two quarter-quarters were incorrectly identified during the Snake River Basin Adjudication. The SWNE and SENE of Section 18, which property is owned by Gene and Carole Erdman, appears to have been included in the Place of Use description. The Erdman property (SWNE and SENE of Section 18) is covered by water right nos. 34-114D, 34-507, 34-856D, and 34-2430. The conditions of these water rights have limitations when combined together. However, they do not have conditions limiting use when combined with the Applicant's water rights. This evidence suggests that the Erdman water rights and the Applicant's water rights were never in fact on the same property. Historically, the Applicant's water rights have always

Figure 1 Historical Irrigation Location of Surface Water

been used in the SWNW and SENW of Section 18, directly adjacent to the decreed acres, as shown in Figure 1. This is consistent with the conditions on the water rights that the surface water rights are combined with ground water right 34-2489 on 153 acres.

This transfer proposes to rearrange the irrigated acres of the surface water rights to reflect the actual acreage locations and identify the overlapping acres with the ground water right 34-2489. The final Place of Use description includes 153 acres irrigable by the water rights. The total change in acreage is only 80.1 acres by legal description. Table 1 below identifies the change in acreage locations using the water right Place of Use description and the actual measured acres.

Table 1. Acreage Calculation

The surface water rights are only being changed in part by the proposed 80.1 acres. No point of diversion change is proposed for the surface water rights. Table 2 shows the proposed split water right quantities in proportion to the original water right elements and the amount of each water right that is proposed to be changed in this transfer.

APPLICATION FOR TRANSFER OF WATER RIGHT PART 1 Continued

5. General Information:

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future:

Two diversions from the Big Lost River deliver this water right the entire Place of Use through two different ditches. For the Place of Use addressed in this transfer, the Beck Ditch is used to convey the water right. It is then comingled in the applicant's private ditches with ground water and delivered through irrigation systems.

- b. Who owns the property at the point(s) of diversion? Historical ditch headgate

If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:

- c. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts?

If yes, ☐ attach a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes on official letterhead signed by an authorized representative. Label it Attachment #6. List the name of the entity and type of lien: _____

It is the applicant's responsibility to provide notice to lien holder, trustee, mortgagor, or contract holder of the proposed changes that may impact or change the value of the water rights or affected real property. Any misrepresentation of legal encumbrance on this application may result in rejection of the application or cancellation of an approval.

- d. Are any of the water rights proposed for transfer currently leased to the Water Supply Bank?

If yes, ☐ complete Attachment WSB.

- e. Describe the effect on the land now irrigated if the place or purpose of use is changed pursuant to this transfer:

Most land will be dry upon approval of this transfer. However, the SWNE and SENE of Section 18, belonging to the Erdman's will be irrigated with other water rights existing on the property.

- f. Describe the use of any other water right(s) for the same purpose or land, or the same diversion system as right(s) proposed to be transferred at both the existing and proposed point(s) of diversion and place(s) use:

There are other water rights in the name of Brett Williams and neighboring users that use the same surface water diversion for the Beck Ditch. Ground water right 34-2489 overlaps the same POU and is addressed in a companion transfer. In addition, water right 34-253A overlaps the proposed POU and may be transferred later.

- g. To your knowledge, has/is any portion of the water right(s) proposed to be changed:

Yes No

- ☐ ☒ undergone a period of five or more consecutive years of non-use,
☐ ☒ currently leased to the Water Supply Bank,
☐ ☒ currently used in a mitigation plan limiting the use of water under the right, or
☐ ☒ currently enrolled in a Federal set-aside program limiting the use of water under the rights?

If yes, describe:

LAST WILL AND TESTAMENT
of
LEON L. WILLIAMS

I, LEON L. WILLIAMS, of Custer County, Idaho, hereby make my Last Will and Testament, revoking all my previous wills and codicils. I am now a single man, my wife JUNE T. WILLIAMS having predeceased me on May 26, 2011. I have six living adult children, namely:

KIM WILLIAMS
BRETT WILLIAMS
MICHELLE WILLIAMS McINELLY
TODD WILLIAMS
GREG WILLIAMS
TROY WILLIAMS

I have no deceased children leaving living descendants. All references herein to my "children" are to these six children only, and all references herein to my "wife" are to JUNE T. WILLIAMS only.

ARTICLE 1: GIFTS OF PROPERTY

1.01 Specific Gifts.

(a) Gifts of Tangible Personal Property.

(1) Gift by Written Statement. I give my tangible personal property in accordance with a written statement signed by me or in my handwriting that I may leave at my death.

(2) Contingent Gift to Residuary Estate. Except as otherwise provided herein, I give my tangible personal property not disposed of by written statement (specifically including the contents of my home) as part of my residuary estate, to be distributed pursuant to the provisions of Article 2.

(b) Personal Car, Four Wheeler and Fifth Wheel Camper. I give my personal car (currently a 2005 Buick La Sabre), my personal Four Wheeler (currently a red Honda Foreman),

and my personal Fifth Wheel Camper to my children other than Brett. If any of these five children is then deceased, then his or her share shall pass instead to his or her spouse if living, or if none, then to his or her descendants by representation, or if none, then such share shall lapse and be added to the other shares.

(c) **Savings Account.** I give the balance of my US Bank Savings (not checking) Account (Mackay Branch) to my children other than Brett. If any of these five children is then deceased, then his or her share shall pass instead to his or her spouse if living, or if none, then to his or her descendants by representation, or if none, then such share shall lapse and be added to the other shares.

1.02 Personal Representative's Decisions Final. All matters pertaining to identification, distribution or division of property given by this Article 1 or under Article 2 shall be determined by my personal representative whose determinations shall be final and binding upon all persons having an interest in my estate.

1.03 Scope of Will.

(a) **Property; Residuary Estate.** This will shall dispose of my entire estate, including all my interest in real and personal property, whether tangible or intangible. All of my estate not otherwise disposed of by Article 1.01 shall be referred to herein as my "residuary estate" and shall be disposed of pursuant to Article 2.

(b) **Nature of Jointly Held Property.** If at my death I have any interest in assets represented by instruments and documents titled in my name and another person's name jointly, including without limitation stocks, bonds, mutual funds, deposits, accounts at financial institutions, titles to motor vehicles or similar assets, it is my stated intention that any designation of joint ownership of such assets (to the extent of my contribution thereto) is for my convenience only and that such assets shall be a part of my probate estate and subject to this will at the time of my death unless a contrary intention is clearly set forth in writing (either by me or signed by me) and clearly identifies the subject asset. If any such assets are held "as joint tenants with rights of survivorship," the assets shall pass to the surviving joint tenant(s) outside my probate estate.

(c) **Separate Property.** Pursuant to Idaho Code Section 32-906, I hereby declare that the recipient of any asset under this will shall receive such asset as his or her sole and separate

property, not as community property, and that the income from such property shall remain separate property; provided, however, that any such recipient shall have the power by will or by written statement to transmute such separate property or the income therefrom to community property. I direct my fiduciaries to include such language in any documents conveying assets under this will.

(d) **No Contest.** If any person, other than my spouse, entitled to any assets hereunder directly or indirectly contests or attacks this will, any of its provisions, or any actions taken in good faith by the personal representative pursuant to this will, then any share or interest given to that contesting person under this will is revoked and shall be disposed of in the same manner provided herein as if that contesting person had predeceased me without any living descendants.

(e) **Exercise of Power of Appointment.** By her will dated March 3, 1998, my wife called for the creation upon her death of The Williams Family Trust (the "Family Trust") to function as a "credit shelter" trust for estate tax purposes. I have not yet probated my wife's will and have therefore not yet established the Family Trust but recognize and reserve the right to do so in the future within the period allowed by Idaho law. Under Sections 2.01(b) and 5.04 of my spouse's will, she provides me with a power of appointment pursuant to which I may redirect the principal of the Family Trust to our descendants and their spouses in such amounts and shares as I may determine. Pursuant to Section 5.04(b) of my wife's will, I hereby exercise my power of appointment and direct that any assets that may hereafter be held in the Family Trust, to the extent they are held therein upon my death, shall be distributed from the Family Trust pursuant to the following terms of this will. Consequently, as a result of this exercise of my power of appointment, all of my assets and any of my wife's assets remaining in the Family Trust or otherwise shall be ultimately distributed pursuant to the terms of this will.

(f) **Funeral and Estate Administration Expenses.** My anticipation is that my children will use my life insurance proceeds to pay for my funeral and estate administration expenses, but if that is not the case, then I direct that my funeral and estate administration expenses be shared by my six children (or their successors) equally.

ARTICLE 2: GIFT OF RESIDUARY ESTATE

2.01 **Gift to Brett.** From my residuary estate (which would include any assets appointed above from the Family Trust), I first give to my son Brett Williams all of my farming and ranching assets, including without limitation all of my farming and ranching land (whether or not then currently under cultivation), water rights (whether or not appurtenant to the land), pumps, pivots and other irrigation equipment, equipment, machinery, tools, implements, brands, livestock, vehicles, granaries, harvested and stored crops, and similar assets. I specifically include in this gift my US Bank Checking Account (Mackay Branch) and my home and associated land, but not the contents of my home. Such gift shall include any farming or ranching accounts receivable at the time of my death, and shall be subject to all farming and ranching debts and payables due at the time of my death. If there are any questions as to whether an asset or liability falls within the foregoing definition, my personal representative shall have full authority to resolve such questions and all persons with any interest hereunder shall be bound by such determinations. If Brett fails to survive me, then the foregoing gift shall pass to his wife if she is then living, or if she is not then living, then to Brett's descendants by representation, or if he has no then living descendants, then this gift shall lapse.

2.02 **Gifts of Tangible Personal Property.** From my residuary estate (which would include any assets appointed above from the Family Trust), I next give my tangible personal property to my six children in equal shares as they may determine. If any of my six children is then deceased, then that child's share shall pass to his or her spouse, if living, or if not, then to his or her descendants by representation. If my children are not able to agree upon the division of such property within three months after my death, then such property shall be divided in such equal shares by my personal representative. My personal representative shall have authority to discard or donate to charity such items of my tangible personal property as may be deemed appropriate, but hopefully taking into account the desires of my children collectively.

2.03 **Gift to Other Five Children.** The balance of my residuary estate (which would include any assets appointed above from the Family Trust), after the payment of my funeral and administrative expenses, any estate or other income taxes, and any of my debts (other than farming and ranching debts to be assumed by Brett as set forth above), shall be divided equally between my

five children other than Brett. If any of these five children fails to survive me, then that child's share shall be given instead to his or her spouse if living, or if none, then to his or her descendants by representation, or if none, then such share shall lapse and be added to the other shares. I note that some time ago arrangements were made whereby a certain life insurance policy on my wife and me was transferred to all six of our children, and that policy is still owned by all six of my children and hence the proceeds would be divided accordingly outside of this will.

ARTICLE 3: DISTRIBUTIONS TO PERSONS UNDER 21 AND DISABLED PERSONS.

3.01 **Grant of Permissive Authority.** If any property of my estate vests outright under the provisions of this will in a person under the age of 21 years or in a person who, in the judgment of my personal representative (referred to in this Section as the "acting trustee"), is unable to effectively manage or apply his or her estate to necessary ends, then my acting trustee, in its discretion, in any jurisdiction, without giving or requiring bond, without intervention of a guardian, conservator or other representative, and without supervision of any court, may continue to hold such property (referred to in this Section as the "protected property") in accordance with Article 3.02 below.

3.02 **In Trust.** The acting trustee may hold any protected property in a separate trust for such person, exercising as trustee of such trust all the administrative powers conferred in this will upon my personal representative. The acting trustee shall pay to such person all, none or such part of the net income and principal of such trust as the acting trustee may in its discretion from time to time determine. Such trust shall terminate when such person attains the age of 21 years and becomes able, in the judgment of the acting trustee, to effectively manage and apply his or her estate to necessary ends, or when such person dies, or when the trust assets are exhausted by discretionary distribution or otherwise. Upon such termination, the acting trustee shall distribute all property then belonging to such trust to such person or, if the trust terminates at such person's death, to the personal representative of such person's estate.

ARTICLE 4: PERSONAL REPRESENTATIVE

4.01 **Designation of Personal Representative.** I nominate my sons KIM WILLIAMS and BRETT WILLIAMS to serve as my co-personal representatives. If either of Kim or Brett is unwilling or unable to serve as a co-personal representative, then my then living children shall have the right, by majority vote among them, to designate a replacement co-personal representative so that there would always be two co-personal representatives serving.

4.02 **Ancillary Personal Representative.** If a representative of my estate is required to qualify as a fiduciary in any jurisdiction other than my domicile, I nominate and appoint as fiduciary in such jurisdiction such person (including my domiciliary personal representative) as may be designated by my domiciliary personal representative. Such fiduciary shall have in such other jurisdiction all the rights, powers and duties conferred or imposed on my fiduciaries under this will and under the laws of such other jurisdiction.

4.03 **Bonds Waived.** Each fiduciary shall be permitted to qualify without giving a bond or other undertaking in any jurisdiction for the performance of such fiduciary's duties, or, if any bond shall be required by law, without the necessity of sureties thereon.

ARTICLE 5: ADMINISTRATION OF ESTATE

5.01 **No Supervised Estate Administration.** Supervised administration of my estate should not be ordered unless changed circumstances that I could not have anticipated justify supervised administration to protect the interests of my estate and its beneficiaries.

5.02 **Administrative Powers of Personal Representative.** In addition to the powers it would otherwise have by reason of any statute or rule of law, my personal representative shall have power, without prior authorization or approval of any court, to do everything it shall consider advisable in the management of my estate, even though it would not otherwise be authorized for fiduciaries under any statute or rule of law.

5.03 **Restraint on Alienation.** No principal or income payable under any trust may be assigned or encumbered by any beneficiary, or be attached by or subjected to the interference or control of any creditor of such beneficiary, or reached by any legal or equitable process in satisfaction of any debt or liability of such beneficiary, prior to its actual receipt by such beneficiary.

5.04 **Payment of Death Taxes.** My personal representative shall pay all estate and inheritance taxes attributable to property passing under this will out of my residuary estate; *provided, however, that such taxes shall be allocated first to the residuary gift made under Article 2.03.* All estate and inheritance taxes attributable to property that does not pass under my will shall be apportioned against and paid out of such property in the manner provided by Idaho law. My personal representative's determination of the portion of each tax that is to be apportioned against and paid out of any property shall be final and binding on all persons having any interest in such matter.

ARTICLE 6: DEFINITIONS AND CONSTRUCTIONAL RULES

6.01 **My Family.** All references to "my children" are only to my children named in this will. All references to "my descendants" are only to my children and their descendants.

6.02 **Tangible Personal Property.** "Tangible personal property" means household goods, furniture, furnishings, garden and lawn equipment, tools, books, china, crystal, jewelry, silverware, works of art, collections, clothing, personal effects, pets, and similar items of tangible personal property. Such term does not include tangible personal property used in trade or business or held primarily for investment.

6.03 **Descendants.** "Descendants" means all lineal descendants of the person referred to, with the relationship of parent and child at each generation being determined by the definitions of those terms applicable for purposes of intestate succession under Idaho law. However, an adopted person shall be considered a lineal descendant of the person referred to only if he has been adopted while under the age of 18.

6.04 **Distributions by Representation.** A distribution to "the descendants" of a person (other than a distribution made in the exercise of a discretionary power) shall be by representation, meaning that the distribution shall be divided into as many equal shares as there are, at the time such distribution is required to be made, then living children of such person and then deceased children of such person who have then living descendants. One share shall be distributed to each living child of such person and one share shall be divided among each deceased child's descendants in the same manner.

6.05 **Order of Deaths.** If any person dies within 30 days after my death or under such circumstances that it cannot be established by proof whether such person has died within 30 days after my death, I shall be deemed to have survived such person.

6.06 **Governing Law.** Idaho law shall govern all questions as to the validity and construction of this will.

6.07 **Other Principles of Construction.** Words in any gender include the other genders; the singular includes the plural and vice versa; "give" also means devise, but does not mean appoint except as expressly stated herein; "pay" and "distribute" also mean assign, convey and deliver; "person" means a legal entity, including, without limitation, a natural person, a corporation, a partnership, a trust, a limited liability company and an association; and the section headings and paragraph titles are for guidance only and shall have no significance in the interpretation of this will.
