NOTICE: STATEMENT OF COMPLETION DUE

RE: PERMIT NO. 96-9503

IMPORTANT: A response from you is required to maintain the active status of the referenced water right permit. If no response is received from you, the permit will lapse and your authorization to develop and/or use this water right will be cancelled.

Dear Permit Holder(s):

One condition of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 2013. The department is required to give you notice that proof of completion is due sixty days prior to the due date. **Since the department failed to give you notice before the due date, this letter provides you sixty (60) days from the date of this letter to submit a proof statement or a request for extension of time.**

If you completed your project prior to August 1, 2013, use the enclosed statement of completion form which, when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner, will complete your submittal of the required proof.

If you did not fully complete your project by August 1, 2013, and you have not received a prior extension of time, you may request an extension of time if the delay was for reasonable cause as provided in Section 42-204, Idaho Code. If you were delayed by a government agency or by litigation that would bring title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. An extension request must be accompanied by a \$50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney. Please contact the department for more information if you think you may qualify for an extension.

In order to maintain your May 23, 2012 priority date for this permit, either an acceptable proof or an acceptable extension request must be received by this department **on or before January 1, 2017**. If neither is received, the department will send you a lapse notice and the permit will no longer be of any force nor effect.

Sincerely,

Darla Block
Technical Records Specialist
