RE: Cash Water Bank Application 37-444 et al

Ok, we are working with BWCC and may have their protest resolved by the first week of August. I will contact you after that.

Thanks,

Travis

Travis,
Sorry it has taken me a while to get back to you. The Department doesn't like to compromise other department proceedings. Since the Extensions of Time to Avoid Forfeiture were protested, the Department either needs consent from the protestant or we will hold the Bank applications until the extension matter is final. We do this in the transfer process also. We will wait until the transfer has been completed.

Jean

Hi Jean,

I believe my client wants to continue with the processing for putting the portions of the rights in the water bank for 2016 as filed. Can you explain why we need to consent of the protestant to the other proceeding in order to go ahead with the water bank transaction? I'm not sure I see anything in the statutes or rules requiring that.

Thanks

Travis

Yes, it is possible. We just need something in writing from Mr. Cash.

Jean,

We have a hearing scheduled in the motion for extension matter in September. I'm inclined to withdraw the application and request a refund, would that be possible?

Thanks,
Travis

Travis,
I'm checking to see what the status of this is. I'm trying to clean up some files in my office.

Thank you.

Jean

Since the Extension to Avoid Forfeiture was protested, the Department needs your client to request consent from the protestant to lease these rights to the Bank. If the protestant agrees, the Department can draw up the contracts. If the protestant doesn't agree, we will need to wait for the outcome of the pre-hearing.

The Department received the applications on December 31, 2015 for the 2016 season. We can place the water rights in the Bank anytime to have the lease in effect for 2016.

If you have any questions, please contact Cherie Palmer at (208) 287-4944. Thank you.

Hi Jean,

My client would like to proceed with the processing of the water bank application we filed last December. Can you advise as to what information you need?

We have the request for extension to avoid forfeiture matter still pending, pre-hearing set for June 2nd. Given the timing of that matter and the unknown outcome we would still like to have the water bank lease in effect for 2016. Let me know if you have any questions

Thank you,

Travis
