Re: Permit No: 96-9333

We are submitting our Statement of Completion for Proof of Beneficial Use concerning the above-referenced permit number. We were granted an extension of time in 2012 to finalise the permit process, as work took us out of State. This summer we were able to take the steps necessary. On the advice of the Water Resource Office in Coeur d'Alene, we include a series of pictures which show the on-site work and completion.

Please let us know if there is anything else you need us to provide your office at this time.

Sincerely,

MARY ARMSTRONG.
