MEMORANDUM

To: Water Right Application 95-17204

From: Adam Frederick

Date: 10/13/2016

Re: Application for a Permit to Appropriate Water within the State of Idaho.

Application was submitted describing the point of diversion and place of use in the NWNW of Township 53 North, Range 02 West, Section 19 Government Lot 1. The location of the point of diversion and place of use was incorrectly data entered as NWNW of Township 52 North, Range 02 West, Section 19 Government Lot 1 and advertised that way. IDWR will re-advertise application showing the proper location.

Hi, Holly,

Please publish the enclosed legal notice in the Coeur d'Alene Press on the dates indicated, October 20 and 27, 2016, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This is a re-publication of an earlier application in order to correct the Township.

As usual, this should be very close to press ready – for 2-column, 8pt, Century Old Style font, maybe close enough to copy and paste, with very little modification required. Please send a proof/preview copy for my review before this actually goes to press.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 11/7/2016. Your help is always greatly appreciated. Because this will publish same days as your legal No. 6485, they can be billed together but we will, of course, need separate Affidavits of Publication and tear sheets.

If you have any questions, please contact me as early as possible. And thanks again for all your efforts in our behalf. Truly a pleasure to work with you!
